## LIBRARY OF CONGRESS

### Copyright Office

[Docket No. 97-1]

#### Revision of the Cable and Satellite Carrier Compulsory Licenses; Public Meetings

**AGENCY:** Copyright Office, Library of Congress.

**ACTION:** Change in schedule for written testimony.

**SUMMARY:** The Copyright Office is examining the copyright licensing of broadcast retransmissions for the purpose of recommending legislative changes to Congress. In response to a request for an extension of time in filing comments for this study, the Copyright Office is announcing changes in the schedule for filing written testimony, reply comments, and notices of intention to testify. The dates of the public meetings remain unchanged. **DATES:** Formal written testimony and questions for witnesses shall be filed no later than April 28, 1997, and reply comments shall be filed no later than June 16, 1997. Notices of intention to testify shall be submitted to the Office no later than April 22, 1997.

**ADDRESSES:** If delivered by hand, fifteen copies of written statements, questions, and reply comments should be brought to: Office of the General Counsel, Copyright Office, James Madison Memorial Building, Room LM-403, First and Independence Avenue, S.E., Washington, D.C. 20540. If sent by mail, fifteen copies of written statements, questions, and reply comments should be sent addressed to Nanette Petruzzelli, Acting General Counsel, Copyright GC/I&R, P.O. Box 70400, Southwest Station, Washington, D.C. 20024.

**FOR FURTHER INFORMATION CONTACT:** Nanette Petruzzelli, Acting General Counsel, or William Roberts, Senior Attorney for Compulsory Licenses. Telephone (202) 707-8380. Telefax: (202) 707-8366.

**SUPPLEMENTARY INFORMATION:** On February 6, 1997, Senator Orrin Hatch, Chairman of the Committee on the Judiciary, United States Senate, sent a letter to the Register of Copyrights requesting the Copyright Office to

conduct a global review of the copyright licensing regimes governing the retransmission of over-the-air broadcast signals. The Copyright Office is scheduled to report its findings to Congress on August 1, 1997.

On March 20, 1997, the Copyright Office announced a schedule for open public meetings to gather testimony from parties with an interest in copyright licensing of broadcast signal retransmissions. 62 FR 13396 (March 20, 1997). The Office requested parties wishing to testify to notify the Office by April 15, 1997, and to submit their formal written testimony and questions for witnesses no later than April 18, 1997. Interested parties were asked to submit reply comments by June 3, 1997. The public meetings are to take place the week of May 6, 1997.

On April 7, 1997, the Office received a joint motion requesting an extension of time for the filing of written testimony and questions for witnesses. Joining the motion are the National Association of Broadcasters, Satellite Broadcasting Communications Association, Joint Sports Claimants, Association of Local Television Stations, Inc., the Motion Picture Association of America, Inc., and the Public Broadcasting Service. These parties request a sixty day extension, noting that the questions presented by the Office in the March 20 **Federal Register** notice raise a number of issues of broad importance which require further deliberation. In particular, the parties state that additional time is required to evaluate the impact of the Supreme Court's decision in *Turner Broadcasting System, Inc. v. FCC*, 1997 U.S. Lexis 2078 (March 31, 1997). Additionally, the parties submit that the current schedule may adversely impact the ongoing negotiations between broadcasters and satellite carriers to settle "white area" restriction problems under the Satellite Home Viewer Act because the parties would be required to submit written testimony prior to finalizing any agreements. In sum, the parties advise that the quality of the testimony and the likelihood of consensus solutions to issues raised in the March 20 notice will be greatly improved, if the 60 day extension is granted.

Due to scheduling difficulties and the firmness of the August 1, 1997 deadline, the Office is unable to grant a 60 day extension at this time. However, the Office is granting a 10 day extension for the filing of comments and a 13 day extension for the filing of reply comments. Formal written testimony and written questions for witnesses shall be due no later than the close of

business on April 28, 1997, and reply comments should be due no later than the close of business on June 16, 1997. In addition, parties may submit their notices of intention to testify no later than April 22, 1997. Parties who have already submitted such notification need not do so again. All other deadlines and filing requirements announced in the March 20 **Federal Register** notice shall remain in force.

Dated: April 11, 1997.

*Acting General Counsel.*
