

4. The patent will be subject to any rights-of-way for the purposes of utilities (Electric, Telephone, Water and Cable) as they affect the lots.

5. The patent will be subject to an easement for historical access for roads commonly known as Jewel, Lexington Place and Beck Road. These roads will not be part of the Kern County Road inventory and network, unless added at a later date by Kern County.

The purchaser, by accepting the land patent, will indemnify the United States against any current or future liability pertaining to Hazardous Materials and underlying mine shafts, tunnels or adits, known or unknown.

The purchaser, by accepting the land patent, acknowledges when accepted that the specific property is encumbered by mining claims filed pursuant to the mining laws of the United States. The conveyance of the property by a land patent is made subject to those claims and to any and all rights that the holders thereof may have pursuant to the laws of the United States and the State of California.

Federal law requires that participants in a Direct Sale be citizens of the United States and 18 years of age or older. Proof of Citizenship must accompany the acceptance of Sale Offer. Unsold lots will be offered competitively at a future date to be set by the Bureau of Land Management.

Grazing Issues

The land sale discussed herein, involves lands inside the Cantil Common Allotment. These lands are withdrawn under Section three of the Taylor Grazing Act. It has been determined that the lands contribute no forage for the Cantil Common Allotment and their sale will not result in the loss of grazing preference for any of the permittees.

Detailed information concerning the sale, including the reservations, sale procedures and conditions, and planning and environmental documents, is available at the Bureau of Land Management, Ridgecrest Resource Area office, 300 S. Richmond Road, Ridgecrest, CA 93555.

For a period of 45 days from the date of this Notice in the **Federal Register**, interested parties may submit comments to the Area Manager, at the above address. In the absence of timely objections, this proposal shall become the final determination of the Department of the Interior.

Linn Gum,

Acting Area Manager.

[NV-930-1430-00; N-56714]

Amended Notice of Realty Action: Lease/Conveyance for Recreation and Public Purposes, N-56714

AGENCY: Bureau of Land Management.

ACTION: Amended recreation and public purpose lease/conveyance.

SUMMARY: The following described public land in Las Vegas, Clark County, Nevada has been examined and found suitable for lease/conveyance for recreational or public purposes under the provisions of the Recreation and Public Purposes Act, as amended (43 U.S.C. 869 et seq.). The additional lands are needed as a result of the Beltway alignment through the area. The Clark County School District proposes to use the additional lands for a senior high school.

Mount Diablo Meridian, Nevada

T. 19 S., R. 59 E.,

Sec. 24, N $\frac{1}{2}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$,

W $\frac{1}{2}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$.

Containing 25 acres, more or less.

The land is not required for any federal purpose. The lease/conveyance is consistent with current Bureau planning for this area and would be in the public interest. The lease/patent, when issued, will be subject to the provisions of the Recreation and Public Purposes Act and applicable regulations of the Secretary of the Interior, and will contain the following reservations to the United States:

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945).

2. All minerals shall be reserved to the United States, together with the right to prospect for, mine and remove such deposits from the same under applicable law and such regulations as the Secretary of the Interior may prescribe, and will be subject to:

1. An easement in favor of Clark County for roads, public utilities and flood control purposes.

2. All valid and existing rights.

Detailed information concerning this action is available for review at the office of the Bureau of Land Management, Las Vegas District, 4765 W. Vegas Drive, Las Vegas, Nevada.

Upon publication of this notice in the **Federal Register**, the above described land will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for lease/conveyance under

the Recreation and Public Purposes Act, leasing under the mineral leasing laws and disposals under the mineral material disposal laws.

For a period of 45 days from the date of publication of this notice in the **Federal Register**, interested parties may submit comments regarding the proposed lease/conveyance for classification of the lands to the District Manager, Las Vegas District, 4765 Vegas Dr., Las Vegas, Nevada 89108.

Classification Comments: Interested parties may submit comments involving the suitability of the land for a senior high school. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Application Comments: Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for a senior high school.

Any adverse comments will be reviewed by the State Director.

In the absence of any adverse comments, the classification of the land described in this Notice will become effective 60 days from the date of publication in the **Federal Register**. The lands will not be offered for lease/conveyance until after the classification becomes effective.

Dated: April 16, 1997.

Michael F. Dwyer,

District Manager, Las Vegas, NV.

Notice of Land Exchange Proposal and Notice of Intent To Prepare BLM RMP Amendment; California

AGENCIES: Bureau of Land Management, Interior, and Forest Service, Agriculture.

ACTION: Notice.

SUMMARY: This document contains information regarding a proposed land exchange between the United States, the State of California, MAXXAM, Inc. and Pacific Lumber Company, under which the governments would acquire two of the most ecologically significant tracts of privately owned old growth redwood trees. The tracts are commonly known as the Headwaters Forest and Elk Head Springs. It also contains a notice of intent to prepare an amendment to BLM's Caliente Resource Area's Resource Management Plan.

DATES: Comments regarding either the proposed land exchange or the plan amendment must be submitted on or before June 16, 1997.

ADDRESSES: Interested parties are invited to submit written comments concerning the proposed exchange, including advising as to any liens, encumbrances, or other claims relating to the lands being considered for exchange; and the proposed plan amendment. Comments must be submitted in writing and must be sent to the following addresses: For the Forest Service portions of the proposed land exchange, Forest Service (ATTN: Headwaters), 630 Sansome Street, San Francisco, CA 94111, and for the Bureau of Land Management portions of the proposed land exchange and the proposed plan amendment, Bureau of Land Management (ATTN: Headwaters), 2135 Butano Drive, Sacramento, CA 95825-0451.

FOR FURTHER INFORMATION CONTACT: More detailed information for the Forest Service portions may be obtained from the Forest Service at the above address or telephone 415-705-2772; or for the Bureau of Land Management portions, from the Bureau of Land Management (ATTN: Headwaters), 2135 Butano Drive, Sacramento CA 95825-0451; telephone 916-979-2800.

SUPPLEMENTARY INFORMATION: On September 28, 1996, the United States, the State of California, MAXXAM, Inc. and Pacific Lumber Company signed an agreement to complete a land exchange under which the governments would acquire two of the most ecologically significant tracts of privately owned old growth redwood trees. The tracts are commonly known as the Headwaters Forest and Elk Head Springs. The agreement also contemplated that the governments would acquire the timberlands to the north of the Headwaters Forest from another landowner, the Elk River Timber Company. It is intended that part of the Elk River property would remain in government ownership as a northern buffer to the Headwaters tract, and part

would be transferred to Pacific Lumber in partial compensation for its property.

Additionally, in exchange the Bureau of Land Management (BLM) would convey to the Pacific Lumber Company Federal lands or interests in lands for private lands of equal value. Federal assets to be exchanged by BLM will include producing oil and gas interests in the public lands. The exchange will also involve the State of California inasmuch as they are part of the overall agreement and will be involved in the transfer of state owned assets for a portion of the value of the Headwaters Forest. As envisioned in the agreement the exchange will require several federal actions:

(1) An exchange of Forest Service (FS) administered federal lands for lands owned by Elk River Timber Company near the Headwaters Forest;

(2) From lands acquired from the Elk River Timber Company, the United States will retain a habitat corridor along the South Fork of Elk River and a buffer of timbered properties around the Headwaters Forest;

(3) The remaining acquired Elk River Timber Company lands will be exchanged to Pacific Lumber Company for an equal value of land in the Headwaters Forest area;

(4) Producing federal oil and gas assets will be exchanged to Pacific Lumber Company for an equal value of the Headwaters Forest and Elk Head Springs property. The value of the oil and gas assets will be determined by appraisal and competitive auction. The auction will be conducted by the General Services Administration and a marketing plan will be developed and advertised by them.

(5) BLM will amend the Caliente Resource Area's Resource Management Plan (RMP), modifying the land tenure decisions of the approved RMP to the extent necessary to ensure conformity of the proposed land exchange with the RMP. An amendment is being proposed in order to allow for appropriate public involvement.

Forest Service Exchange

Notice is hereby given that FS, United States Department of Agriculture (USDA), is considering an exchange of land with Elk River Timber Company under the authority of the General Exchange Act of March 20, 1922; the Weeks Law of March 1, 1911; the Act of August 3, 1956; and the Act of October 21, 1976, as amended.

BLM Exchange

In order to acquire the balance of the Headwaters Forest, BLM will exchange the federal oil and gas mineral estate located under the following legal descriptions, but the surface estate will remain with the United States. The conveyance documents will be issued subject to the existing oil and gas leases issued under the authority of the Mineral Leasing Act of 1920, as amended. Additional reservations will be made to the United States for all other minerals and non-producing oil and gas zones within the leases. In exchange for the value of the above described lands and proposed exchanges, BLM will acquire those certain properties by exchange, generally described locally as the Headwaters Forest and the Elk Head Springs parcels, and described specially under paragraph number 3 above.

Caliente RMP Amendment

In the plan amendment, the federal oil and gas estate within the Caliente Resource Area will be identified for conveyance by means of exchange and the exchange value determined by appraisal and subsequent auction. The environmental effects of the proposed exchange, as well as the amendment to the Caliente RMP, will be addressed within the joint Headwaters EIS/EIR. This additional scoping opportunity is presented for the public to address the proposed amendment to the Caliente RMP. Any additional scoping comments relating to the plan amendment must be submitted on or before June 16, 1997 to BLM's office in Sacramento at the address listed above.

A Notice of Intent to prepare an EIS/EIR for the Headwaters exchange was published in the **Federal Register** on December 27, 1996 at page 68285 (61 FR 68285) by U. S. Fish and Wildlife Service. A series of six public meetings to solicit public comments were held in January of 1997. The subsequent public scoping period was completed on February 18, 1997.
