This notice also lists the following information:

Title of Proposal: Extension of the Moving to Opportunity (MTO) Demonstration data collection forms (OMB Clearance Number 2528-161, Expires 6/97).

Description of the need for the information and proposed use: The information is being collected to establish this research demonstration and to fulfill the reporting requirements mandated by Congress, including the number of families served, short- and long-term effects of MTO program participation on families, cost comparison to regular Section 8 operations, and information on the types of counseling services provided. The forms are currently in use under OMB clearance number 2528-161, expiration date June 1997. This request is for an extension of clearance, which is made necessary by a slower pace of lease-up than anticipated and by the addition families to the program.

This data collection is being done to assist the Department in providing congressionally mandated reports on the long-term effects of providing assistance to low-income families living in assisted housing to move out of the high poverty areas of central cities.

Members of affected public: Respondents for this continued data collection effort include new participants in the Moving to Opportunity Demonstration, as well as staff of public housing authorities and nonprofit organizations participating in the demonstration. We estimate that 2,110 people will apply for MTO during the period July 1997 through the end of the demonstration.

Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: We estimate 2,110 new MTO applicants and extended use of the forms being completed by PHA and NPO staff. See Exhibit 1 for details. Note that total burden for applicants will remain within the original estimates (dated April 1994). However, total burden for PHA and NPO staff will exceed original estimates due to the longer demonstration period.
