DEPARTMENT OF DEFENSE

Department of the Navy, DoD

Notice of Availability and Public Hearing for the Draft Environmental Impact Statement for Disposal and Reuse of Naval Air Station Cecil Field, Jacksonville, FL

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969 as implemented by the Council on Environmental Quality regulations (40 CFR 1500-1508), the Department of the Navy prepared and filed with the U. S. Environmental Protection Agency a Draft Environmental Impact Statement (DEIS) to evaluate the proposed disposal and reuse of Naval Air Station (NAS) Cecil Field, Jacksonville, Florida. A Notice of Availability (NOA) for the DEIS was published in the **Federal Register** on April 25, 1997. The April 25 NOA initiated a 45-day public comment period on the DEIS.

In accordance with the Defense Base Closure and Realignment Act (PL 101-510), as implemented by the 1993 and 1995 Base Realignment and Closure processes, the Navy has been directed to close Naval Air Station (NAS) Cecil Field, located in Duval and Clay Counties, Florida. The Navy intends to dispose of approximately 17,000 acres of land in two of the station's operational areas, the Main Station and the Yellow Water area.

The Navy intends to retain other NAS Cecil Field assets including Outlying Field (OLF) Whitehouse, the Yellow Water Family Housing Area, and the Pinecastle Target Complex.

The Navy's DEIS addresses the environmental impacts associated with

the disposal and proposed redevelopment of NAS Cecil Field. The proposed redevelopment includes a mix of aviation, industrial, forestry, and recreational uses in the Duval County portion, and the portion in Clay County would be retained for conservation purposes. The DEIS also addresses the environmental impacts of four alternative reuse scenarios (ARSSs), which consist of reasonable future uses of the military property to be disposed at NAS Cecil Field.

The DEIS has been distributed to various federal, state and local agencies, elected officials, and public interest groups. The DEIS has also been filed for public review at the local libraries. A limited number of single copies are available, and may be obtained by contacting the Navy representative listed at the end of this notice. The Department of the Navy will hold a public hearing for interested parties and agencies to provide comments on the DEIS on May 27, 1997, beginning at 7:00 p.m. in the Main Drill Hall at the Post of Snyder, Florida Army National Guard Center, 9900 Normandy Boulevard, Jacksonville, Florida.

Following a presentation by the Navy, the public will be invited to submit oral comments on the DEIS. Oral statements will be heard and transcribed by a stenographer; however, to ensure accuracy of the record, all statements should be submitted in writing. In the interest of available time, speakers will be asked to limit oral comments to five minutes.

ADDRESSES: Interested parties and agencies are invited to review and comment on the DEIS. Written comments may be mailed to or sent by facsimile to the Department of the Navy at: Commander, Southern Division, Naval Facilities Engineering Command, Attn: Mr. Robert Teague, P.E. (Code 064), P.O. Box 190010, North Charleston, SC 29419-9010, phone: 803/820-5785, facsimile: 803/820-5993. Comments must be postmarked, if mailed, or received, if sent by facsimile, by June 10, 1997 to be considered part of the public record. All written and oral comments received on the DEIS at the hearing and during the 45-day comment period will be considered in a Final Environmental Impact Statement (FEIS) to be prepared by the Navy.

Dated: May 6, 1997.

D.E. Koenig,

LCDR, JAGC, USN, Federal Register Liaison Officer.
