Decision List No. 29; Week of April 14 Through April 18, 1997

Appeals

*Information Focus on Energy, Inc.,
 4/17/97, VFA-0280*

Information Focus on Energy, Inc. (IFE) filed an Appeal from a determination by the Assistant Inspector General for Resource Management of the Office of Inspector General (Assistant IG) of the Department of Energy (DOE). In that determination, the Assistant IG partially granted a request for information filed by IFE. In considering the Appeal, the DOE ordered the Assistant IG to search for and release documents containing titles, report numbers, and issue dates of all DOE Inspector General Reports, including inspection reports, for the years 1988 through September 1996, or provide a detailed explanation for withholding any such information.

Nancy Donaldson, 4/14/97, VFA-0271

Nancy Donaldson filed an Appeal challenging the adequacy of a search for documents conducted by the Bonneville Power Administration (BPA) in connection with a request she filed under the Freedom of Information Act (FOIA). Specifically, Ms. Donaldson claimed that she should have been provided with the results of asbestos testing that was done prior to 1985 at BPA locations, and with documents having to do with the presence of transite paneling at those locations. In considering the Appeal, the Department of Energy found that the absence of pre-1985 test data was not evidence of an inadequate search. However, the matter was remanded to the BPA so that a search for documents having to do with the presence of transite paneling at BPA locations could be performed.
