AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice of funding availability; correction.

This notice clarifies that 10 bonus points are available for eligible applicants who work with their jurisdictions to affirmatively further fair housing.

In addition, one copy of the application must also be sent to the Community Planning and Development (CPD) Director in the HUD field office serving the State in which the applicant is located. SUPPLEMENTARY INFORMATION: On May 12, 1997, HUD published in the **Federal Register** the Notice of Funding Availability (NOFA) for the Historically Black Colleges and Universities Program for fiscal year (FY) 1997 (62 FR 26180). The May 12, 1997 NOFA provided that

applicants that receive the minimum number of points (70 points) under the four selection criteria (Addressing the Program Objective; Distress, Need(s) and Impact; Capability; and Feasibility) may earn bonus points for, among other factors, affirmatively furthering fair housing. While the heading for the paragraph describing these bonus points (paragraph d. under the subheading "Bonus Points," in section I.C. of the NOFA) indicates that the applicant may earn 10 bonus points for affirmatively furthering fair housing, the first sentence of that paragraph indicates that applicants may earn only 5 bonus points. HUD is publishing this notice to clarify that 10 bonus points will be awarded to eligible applicants that work with their jurisdictions to affirmatively further fair housing.

Accordingly, FR Doc. 97-12452, the NOFA for the Historically Black Colleges and Universities Program, published in the **Federal Register** on May 12, 1997 (62 FR 26180), is amended on page 26185, column 2, in section I.C., under the subheading "Bonus Points," by correcting the first sentence of paragraph d. ("Affirmatively Furthering Fair Housing, 10 points") to read as follows:

I. Purpose, Objectives, and Substantive Description

* * * * *

C. Selection Process, Optional Match and Selection Criteria

* * * * *

Bonus Points (maximum points: 25)

* * * * *

d. Affirmatively Furthering Fair Housing, 10 points.

* * * * *

Ten bonus points will be awarded to applicants who work with their jurisdictions to affirmatively further fair housing.

Deputy Assistant Secretary for Grant Programs.

Fish and Wildlife Service

Availability of an Environmental Assessment and Receipt of an Application for an Incidental Take Permit for the Kern Water Bank Natural Community Conservation Plan/Habitat Conservation Plan, Kern County, California

AGENCY: Fish and Wildlife Service.

ACTION: Notice of availability.

SUMMARY: This notice advises the public that the Kern Water Bank Authority (Authority) has applied to the Fish and Wildlife Service for two 75-year incidental take permits pursuant to Section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (Act), relating to the Kern Water Bank's 19,900 acres of land in Kern County, California. The application has been assigned permit number PRT-828086. One permit, the Project Permit, is to allow the incidental take by the Authority for the operation of the proposed project on the Kern Water Bank. The second permit, the Master Permit, is to allow third parties in designated areas of the southern San Joaquin Valley, California, to acquire credits in the conservation bank to be established by the Authority with the prior approval of the Service and to become included parties under the Master Permit. In certain circumstances, the Authority also may be able to use conservation credits on its own behalf for other projects and thereby rely on the incidental take authority of the Master Permit.

The proposed incidental take covered by the Project Permit would occur due to habitat loss resulting from the Authority's proposed project to use the Kern Water Bank to acquire and bank water when available, to utilize the banked water for agricultural and other purposes, to engage in farming activities and to create a conservation bank (collectively, the Project). The proposed incidental take covered by the Master Permit would occur due to habitat loss resulting from projects of third persons, and other projects of the Authority in Kern County, the Allensworth area of Tulare County, and the Kettleman Hills area of Kings County.

The Authority requests coverage of 17 listed species (5 plant, 12 animal) and an additional 28 unlisted species (10 plant, 18 animal) that may be found on the Kern Water Bank and are currently sufficiently rare that they may become listed at some time in the near future. The Authority further requests coverage of an additional 116 species (29 plant,
