

precludes the same behavior from being considered under multiple factors. DEA has consistently considered the same conduct under more than one factor. See Robert M. Golden, M.D., 61 FR 24,808 (1996); Herman E. Walker, Jr., M.D., 60 FR 52,705 (1995).

Respondent, in its post-hearing filings further argues that DEA's failure to initiate administrative proceedings against Respondent's DEA Certificate of Registration sooner or to immediately suspend Respondent's registration pursuant to 21 U.S.C. 824(d), "is inconsistent with a contention that continued registration would violate the public interest." The Acting Deputy Administrator finds no merit to this argument. First, an immediate suspension of a registration pursuant to 21 U.S.C. 824(d) can only be utilized by DEA when a finding has been made "that there is an imminent danger to the public health or safety." Since a registration is immediately suspended without first providing an opportunity for a hearing, clearly Congress did not intend this tool to be used in every instance where DEA alleges that continued registration would be inconsistent with the public interest. Therefore, the Acting Deputy Administrator rejects Respondent's contention that, "* * * rather than put this case on the fast track, the DEA put it on a slow track which belies any contention about threats to the public interest."

Second, as to DEA's failure to initiate proceedings sooner, the Acting Deputy Administrator finds that while passage of time, alone is not dispositive, it is a consideration in assessing whether Respondent's continued registration is inconsistent with the public interest. See Norman Alpert, M.D., 58 FR 67,420 (1993). However, in Alpert, the then-Acting Administrator found significant, "Respondent's recognition of the serious abuse of his privileges as a DEA registrant, and his sincere regret for his actions." In this case, Mr. Rocco continues to deny that the pharmacy has misused its DEA registration. Therefore, the Acting Deputy Administrator concludes that the fact that DEA did not initiate proceedings sooner is outweighed by Respondent's continued denial of wrongdoing.

Accordingly, the Acting Deputy Administrator of the Drug Enforcement Administration, pursuant to the authority vested in him by 21 U.S.C. 823 and 824 and 28 CFR 0.100(b) and 0.104 hereby orders that DEA Certificate of Registration AR8587125, issued to Rocco's Pharmacy, be, and it hereby is, revoked and any pending applications for renewal of such registration, be, and

they hereby are, denied. This order is effective February 20, 1997.

Dated: January 14, 1997.
James S. Milford,
Acting Deputy Administrator.

Proposed Generic Communication; Effectiveness of Ultrasonic Testing Systems in Inservice Inspection Programs

AGENCY: Nuclear Regulatory Commission.

ACTION: Extension of public comment period.

SUMMARY: On December 31, 1996, (61 FR 69120) the NRC published for public comment a proposed generic letter concerning the effectiveness of ultrasonic testing systems in inservice inspection programs. In response to this request, the NRC has decided to extend the comment period.

DATES: The comment period has been extended 29 days and will now expire on February 28, 1997. Comments submitted after this date will be considered if it is practical to do so, but assurance of consideration cannot be given except for comments received on or before this date.

ADDRESSES: Submit written comments to Chief, Rules Review and Directives Branch, U.S. Nuclear Regulatory Commission, Mail Stop T-6D-69, Washington, DC 20555-0001. Written comments may also be delivered to 11545 Rockville Pike, Rockville, Maryland, from 7:30 a.m. to 4:15 p.m., Federal workdays.
