**Federal Energy Regulatory Commission**

[Docket No. RP97-375-000]

**Wyoming Interstate Company, Ltd.,  
Notice of Proposed Changes in FERC Gas Tariff**

June 4, 1997.

Take notice that on May 30, 1997, Wyoming Interstate Company (WIC) tendered for proposed changes in its FERC Gas Tariff, First Revised Volume No. 1 and Second Revised Volume No. 2.

WIC states that the proposed rates changes (motion rates) would increase revenues from jurisdictional service by approximately \$5.7 million based on the 12-month period ending February 28, 1997, as adjusted. WIC requested an effective date of July 1, 1997. WIC states the rate increase is necessary to: (1) compensate WIC for increased operating costs and capital costs primarily associated with WIC's expansion authorized by FERC in Docket No. CP96-288 (preliminary determination, 76 FERC ¶ 61,252, (1996) order granting a certificate, 78 FERC ¶ 61,185 (1997)) and (2) allow WIC to earn a rate of

return on WIC's assets, at a level that will be competitive in capital markets. WIC states that a full copy of its filing are being served on all jurisdictional customers, applicable state commissions and interested parties that have requested service. Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filling are on file with the Commission and are available for public inspections in the Public Reference Room.
