IV. General Objectives

On September 12, 1996, the United States Department of Housing and Urban Development and the Milton S. Eisenhower Foundation entered into a cooperative agreement to provide technical assistance to housing authorities to implement and evaluate law enforcement mini-stations and inner-city youth safe havens in the following public housing authorities: District of Columbia, Columbia, SC, Little Rock, AR, Memphis, TN, San Juan, Puerto Rico, and Baltimore, MD. In addition, the Foundation and HUD will identify best practices among drug-prevention efforts which operate through community-based facilities, as methods public housing authorities can use in support of residents, who must transition from welfare to work.

The KOBAN police and community partnership program is a unique innovative program to improve relationships between local law enforcement agencies and the inner-city neighborhoods they patrol, to reduce crime and drug abuse in the neighborhoods and prevent inner-city youth from engaging in high-risk behavior. The program builds on policing strategies that have operated successfully in Japan and proven successful in other variations in American cities.

V. Specific Change to Agreement

The amendment to the agreement requires the Eisenhower Foundation to design, develop and deliver a best practices guidebook to HUD. The guidebook will identify best practices among drug-prevention efforts which operate through community-based facilities, such as methods public housing authorities can use in support of residents, who must transition from welfare to work. This task will parallel and complement the existing scope of work.

The Catalog of Federal Domestic Assistance number for the Drug Elimination Program is 14.854.
