

amendments establishes a comprehensive system of controls over the manufacture, distribution, dispensing, importation and exportation of controlled substances, listed chemicals, tableting machines and encapsulating machines. The CSA and subsequent amendments allow the Attorney General to subpoena witnesses, compel the attendance and testimony of witnesses, and the production of records which the Attorney General finds relevant or material in any investigation relating to the Attorney General's functions under the CSA (21 U.S.C. 875 and 876).

The Attorney General has delegated her functions under the CSA to the Administrator of the Drug Enforcement Administration and authorized the Administrator to redelegate any of his functions to any of his subordinates. See 21 U.S.C. 871(a), 28 CFR 0.100(b) and 28 CFR 0.104. To further enhance the administration of the CSA and its attendant regulations the Administrator has further redelegated to the Deputy Administrator the authority to carry out or to redelegate any of the functions which may be vested in the Administrator which are not specifically assigned or reserved by him. The Acting Deputy Administrator is amending the Appendix to Subpart R Section 4(a) of 28 CFR 0.104 to properly identify previously designated officials who have been assigned new job titles, and is adding individuals with newly titled positions with the delegated authority to sign and issue subpoenas under 21 U.S.C. 875 and 876. The Acting Deputy Administrator is also amending the Appendix to Subpart R Section 4(a) to add listed chemicals, tableting machines and encapsulating machines to the list of materials to which a subpoena may refer, thereby incorporating the additions made by the Chemical Diversion and Trafficking Act of 1988.

The Acting Deputy Administrator certifies that this action will have no impact on entities whose interests must be considered under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*).

This action relates only to the organization of functions within DEA. As such, it is not a significant regulatory action under Executive Order 12866. Accordingly, it has not been reviewed by the Office of Management and Budget and does not require certification under Executive Order 12778. This action has been analyzed in accordance with Executive Order 12616. It has been determined that this matter has no federalism implications which would require preparation of a federalism assessment.
