Risk Assessment and Risk Management Commission

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the Risk Assessment and Risk Management Commission, established as an Advisory Committee under section 303 of the Clean Air Act Amendments of 1990, will hold a public meeting on August 8, 1997 at the Kimball Conference Room, 1400 16th Street, NW., Washington, DC 20036. The meeting will start at 10:00 a.m. and adjourn at 4:30 p.m.

The meeting will be a symposium with two goals: (1) To define a public health approach to environmental protection, including advantages, disadvantages, and barriers to implementation; (2) to examine the potential for an "environmental health improvement" market for investments in public health projects for a narrowly defined set of facilities already meeting current air standards. The "environmental health improvement" market will be discussed by using the example of EPA's most recently proposed changes to the air standards for particulates and ozone.

Due to limited seating, attendees should notify the Commission's office in advance prior to August 1, 1997, by calling 202-233-9537 or send a fax to 202-233-9540. Please include your phone number and fax number.

For a copy of Volume one or Volume two of the Commission's final report, please fax your request to 202-233-9540, mail your request to the Commission on Risk Assessment and Risk Management, 529 14th Street, NW., Room 420, Washington, DC 20045, or obtain via the Internet at <http://www.riskworld.com>. Science Advisory Board; Notice of Public Teleconference Meetings

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the Advisory Council on Clean Air Compliance Analysis (ACCACA, or the "Council") of the Science Advisory Board (SAB) will conduct a public teleconference on the date and times specified below. This meeting is open to the public, however, the number of available phone lines is limited. All times noted are Eastern Time. Documents that are the subject of SAB reviews are normally available from the originating EPA office and are *not* available from the SAB office (see information provided below).

Advisory Council on Clean Air Compliance Analysis

The Advisory Council on Clean Air Compliance Analysis (ACCACA, or the "Council") of the Science Advisory Board (SAB) plans to hold a public teleconference meeting on Monday, June 30, 1997, from 11:00 am to 2:00 pm. The topics to be discussed are closure on select edits to the Clean Air Act (CAA) section 812 Retrospective Study and a strategic plan and continued discussions on emissions modeling on the Prospective Study of costs and benefits. The Council expects to receive select draft text edits to the Clean Air Act (CAA) section 812 Retrospective Study in June 1997. The review of these select draft edits to the Retrospective Study document will occupy only a portion of the time available for the teleconference. Most of the remaining time will be spent discussing the Agency's strategic vision, plan and approach to develop the CAA section 812 Prospective Study of costs and benefits. The Council will continue its discussions with the Agency staff of the emissions estimates, modeling assumptions, methodology, results and documentation for the Prospective Study that were the subject of its March and May teleconferences.

This public teleconference is a follow-up to earlier Council face-to-face discussions held on November 7 and 8, 1996, concerning the 1990 Clean Air Act

(CAA) section 812 Retrospective and Prospective Studies (see 61 FR 54196, Thursday, October 17, 1996), as well as public teleconferences held in March 14, 19 and 26, and May 15, 1997 (See 62 FR 10045, Wednesday, March 5, 1997 and 62 FR 19320, Monday, April 21, 1997, for further information). Please note that the previously advertised teleconferences of March 21 and May 16, 1997 were cancelled. Specifically, the March 21, 1997 teleconference was cancelled to give the Agency staff time to prepare select text edits to the Retrospective Study, and have discussion on them at the March 26, 1997 public teleconference. The May 16, 1997 teleconference was cancelled so that the Agency staff would have time to prepare a strategic vision and plan to present and discuss with the Council at its June 30, 1997 public teleconference.

The latest revised draft Retrospective Study document, dated April 1997 is not available from the Science Advisory Board, but may be obtained by contacting Ms. Michelle Olawuyi (see below for ordering information). The Prospective Study emissions estimates draft documents, as well as a brief paper on the strategic plan are available from Mr. James DeMocker, Office of Air and Radiation (see below for ordering information).

With regard to closure on the Retrospective Study Report to Congress, the Council identified a number of Retrospective Study issue areas, some of which are listed here as follows: valuation of bronchitis and heart disease; presentation of baseline ("but for" issues, that is, but for the presence of the 1990 Clean Air Act), choice of study for estimating PM-related mortality (includes physical effects); costs (operations and maintenance costs, cost-of-clean, etc.); ecological effects; valuing changes in intelligence quotient (IQ) issues; presentation of life years lost calculations (life years remaining issue); methodological effects; morbidity effects by age; and research needs. While most of these issues are settled, it is anticipated that the closure discussions will touch on some of these issues. Other related issues may be discussed as time permits.

To discuss technical aspects or obtain copies of the draft EPA documents pertaining to the CAA section 812 Retrospective Study select draft text edits as well as the Prospective Study strategic vision and plan, as well as emissions estimates, please contact Mr. James DeMocker, Office of Policy Analysis and Review (OAR) (MC 6103), US Environmental Protection Agency,

401 M Street, SW, Washington, DC 20460. Tel. (202) 260-8980; FAX (202) 260-9766, or via the Internet at: democker.jim@epamail.epa.gov. To obtain copies of the latest complete draft of the Retrospective Study Report to Congress dated April 1997 and entitled "The Benefits and Costs of the Clean Air Act, 1970 to 1990," please contact Ms. Michelle Olawuyi, Secretary, Office of Economy and Environment (MC 2172), US Environmental Protection Agency, 401 M Street, SW., Washington, DC 20460. Tel. (202) 260-5488; FAX (202) 260-5732, or via the Internet at olawuyi.michelle@epamail.epa.gov.

To obtain copies of the June 30, 1997 teleconference agenda, please contact Mrs. Diana L. Pozun, Secretary to the Council at Tel. (202) 260-8414; FAX (202) 260-7118; or via the Internet: pozun.diana@epamail.epa.gov. To discuss technical or logistical aspects of the Council's review process, please contact Dr. K. Jack Kooyoomjian, Designated Federal Official for the Council, Tel. (202) 260-2560; FAX (202) 260-7118; or via the Internet at: kooyoomjian.jack@epamail.epa.gov. Members of the public who wish to physically be present at the teleconference may do so at the U.S. Environmental Protection Agency (EPA) Headquarters Building, 401 M Street, SW., Washington, DC 20460, Waterside Mall Room Number 2103. Members of the public who wish to obtain teleconference logging-on procedures should contact Mrs. Diana L. Pozun at least one week prior to the teleconference.

Public Speaking

To request time to present public comments at the Council teleconference, please contact Mrs. Diana L. Pozun *in writing* at the mail, FAX or E-Mail addresses given above no later than one week prior to the teleconference.

Providing Oral or Written Comments at SAB Meetings

The Science Advisory Board (SAB) expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements. In general, opportunities for oral comment at teleconference meetings will be usually limited to three minutes per speaker and no more than fifteen minutes total. Written comments (at least 35 copies) received in the SAB Staff Office sufficiently prior to a meeting date (usually one week prior to a meeting), may be mailed to the Council prior to its meeting; comments received too close to the meeting date will normally be provided to the Council at its meeting, except for

teleconferences, where brief written materials may be FAXed to the participants, with more detailed or lengthy materials received too close to the teleconference to be mailed to the Council or its appropriate subcommittee participants shortly after the teleconference. Written comments may be provided up until the time of the meeting.

Dated: June 4, 1997.

Donald G. Barnes,

Staff Director, Science Advisory Board.
