

Certification Regarding Environmental Tobacco Smoke

Public Law 103-277, Part C—Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor routinely owned or leased or contracted for by an entity and used routinely or regularly for provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1000 per day and/or the imposition of an administrative compliance order on the responsible entity.

By signing and submitting this application the applicant/grantee certifies that it will comply with the requirements of the Act. The applicant/grantee further agrees that it will require the language of this certification to be included in any subawards which contain provisions for the children's services and that all subgrantees shall certify accordingly.

BILLING CODE 4184-01-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Substance Abuse and Mental Health Services Administration****Grant to the Farm Resource Center, Inc.**

AGENCY: Center for Mental Health Services (CMHS), Substance Abuse and Mental Health Services Administration (SAMHSA), DHHS.

ACTION: Planned single-source award to support mental health outreach to coal miners, farmers, and their families.

SUMMARY: This notice is to provide information to the public concerning a planned single-source award by the CMHS/SAMHSA to the Farm Resource Center (FRC) of Cairo, Illinois, to fund the "Mental Health Outreach to Coal Miners, Farmers, and their Families" project. Upon receipt of a satisfactory application that is recommended for approval by an Initial Review Group and the CMHS National Advisory Council, up to \$300,000 in Federal funds may be awarded to the FRC for each of the 2 years of this program.

This is not a formal request for applications. Grant funds will be provided only to the FRC.

Authority/Justification: This grant will be made under the authority of

Section 520A of the Public Health Service Act (42 USC 290bb-32).

Eligibility for this grant award is limited to the Farm Resource Center (FRC) of Cairo, Illinois. The FRC has provided mental health and substance abuse outreach services in rural Illinois since 1986. FRC has provided counseling to farmers, coal miners and their families, established a Statewide hotline, and utilized outreach counselors to work with rural families in their homes to address problems such as depression, alcoholism and domestic violence.

FRC is uniquely qualified to carry out the goals of this program in that it has the distinction of being the only suitably located organization with extensive experience in linking coal miners, farmers, and their families with mental health and substance abuse services. As part of their program, FRC has recruited, trained, and dispatched volunteers to provide outreach and counseling services to the target population. Further, because of this and their years of experience and organizational readiness, the FRC can deliver services immediately to those in need.

Background: A significant portion of the adult population in the United States reports experiencing personal or emotional problems in the course of a year. Half of these people say they are unable to solve their problems, and approximately one-third report they are unable to do anything to make their problems more bearable; yet relatively few seek help. Therefore, outreach services are important to engage more persons into appropriate services. Outreach, when carried out aggressively, can engage and empower coal miners, farmers, and their families by giving them access to needed mental health services.

The effects of economic stress are pervasive in rural areas, and coal miners, farmers, and their families have been particularly hard hit. Unemployment and underemployment have resulted in a high incidence of problems including alcohol/drug abuse, family violence, depression, suicides, and other stress-related symptoms. This grant is intended to address the mental health needs of a wide range of rural population groups including the poor, the elderly, the disabled, women (particularly those of child bearing age), and minority populations in Illinois and West Virginia.

The proposed project will serve as a national demonstration site on the development and implementation of outreach to rural families who are experiencing mental illnesses or are at-risk of developing mental illnesses.

Dated: June 10, 1997.

Richard Kopanda,

Executive Officer, SAMHSA.

BILLING CODE 4162-20-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Substance Abuse and Mental Health Services Administration U.S.-Mexico Border Four-State Substance Abuse Initiative**

AGENCY: Center for Substance Abuse Prevention (CSAP), Substance Abuse and Mental Health Services Administration (SAMHSA), HHS.

ACTION: Availability of funds for grant awards to the Single State Alcohol and Drug Abuse Agencies (SSAs) of Arizona, California, New Mexico and Texas for delivery of community-based substance abuse prevention programs and services.

SUMMARY: This notice is to inform the public that CSAP is making available approximately \$800,000 for four awards of \$200,000 each in FY 1997 to these State governments so they may provide community-level substance abuse prevention services in U.S. towns and communities within 60 miles of the U.S.-Mexico Border. Upon receipt of satisfactory applications that are recommended for approval by an Initial Review Group and the CSAP National Advisory Council, Federal funds may be awarded.

Eligibility for these funds is limited to the SSA in the states of Arizona, California, New Mexico and Texas—the only states that are on the U.S.-Mexico border. Grants may be awarded to the SSA, which, in turn, will issue subgrants or contracts for locally developed prevention programs and services. Subrecipients could include: local prevention providers, local civic groups and associations, county prevention councils, and other health-oriented providers that apply on behalf of themselves or on behalf of community-based anti-drug coalitions. Applicants are encouraged to consider community partnerships and coalitions, which may be strategically located and well suited to administer community-based prevention activities along the border.

The U.S.-Mexico Border Initiative is consistent with the ONDCP and HHS/SAMHSA approach for working collaboratively with State agencies and local communities to refine and strengthen their ability to provide more efficient and responsive prevention services. Accordingly, eligibility is

limited to the SSA so that consistent State-wide strategies on substance abuse prevention will be implemented in the targeted border areas. The SSA is also the administrator of the Substance Abuse Prevention and Treatment (SAPT) Block Grant, which sets aside 20 percent of the funds for primary prevention activities. This set-aside is a large resource available to the State for prevention activities, and could be used to expand support for the resources available under this initiative.

The SSA's historic leadership role and commitment to substance abuse prevention, along with the infrastructure developed through the SAPT Block Grant funds, can spur the support of other State and community organizations to ensure that border substance abuse prevention initiatives assume a high priority.

The SSAs are responsible for ensuring community-based prevention program development in all communities within the State. Therefore, SSAs operate at an optimum jurisdictional level to support the type(s) of activities required for overseeing this multi-community, border area effort. In particular, their broad-based authority will help ensure the following: (1) successful implementation of the State evaluation plan, which requires the sharing of data and information across subrecipient projects; (2) optimal use of the State's technical assistance resources to support border efforts implemented with these grant funds; and (3) greater likelihood of sustaining these prevention efforts following the end of the Federal grant period.

Moreover, SSAs have access to both border area and State-wide substance abuse incidence and prevalence data. They are uniquely positioned to track State-wide and border community trends, assess the severity of substance abuse-related problems, and identify appropriately targeted programmatic responses.

Finally, by continuing to work cooperatively with the State Border Health Desks, which were established to address the specific needs of the border, SSAs further strengthen their ability and authority to carry out the U.S.-Mexico Border Initiative. Working together, the SSAs and the Border Health Desks help ensure that the most appropriate subrecipient communities with concentrated substance abuse prevention needs will receive these limited grant funds.

Authority: Awards will be made under the authority of Section 501 (d) (5) of the Public Health Service Act, as amended (42 USC 290aa).

The Catalog of Federal Domestic Assistance (CDFA) number is 93.230.

CONTACT: Dan Fletcher, Division of State and Community Systems Development, Center for Substance Abuse Prevention, Substance Abuse and Mental Health Services Administration, Rockwall II, 9th floor, 5600 Fishers Lane, Rockville, MD 20857, (301) 443-5660.

Dated: June 10, 1997.

Richard Kopanda,

Executive Officer, SAMHSA.

BILLING CODE 4162-20-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4200-N-71]

Notice of Proposed Information Collection for Public Comment

AGENCY: Government National Mortgage Association, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below will be submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

DATES: Comments due: August 15, 1997.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Sonya K. Suarez, Government National Mortgage Association, Office of Policy, Program and Risk Management, Department of Housing and Urban Development, 451-7th Street, SW., Room 6226, Washington, DC 20410.

FOR FURTHER INFORMATION CONTACT: Sonya K. Suarez, on (202) 708-2772 (this is not a toll-free number) for copies of the proposed forms and other available documents.

SUPPLEMENTARY INFORMATION: The Department will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended).

The Notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This Notice also lists the following information:

Title of Proposal: Issuer's Monthly Remittance Advice

OMB Control Number: 2503-0015

Description of the need for the information and proposed use: The collection of information is used to advise each security holder of the current month's account transactions and calculation of holder's fractional share of total cash distribution.

Agency form numbers: HUD 11714 and HUD 11714SN

Members of affected public: Business or other for-profit and the Federal Government

Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hour of response:

Reporting Burden:

*Total responses per respondent = * 5% of 372,886 outstanding pools = 18,644+620 issuers = 19,264.*

Total annual responses = 19,264×12 months = 231,168.

Total burden hours = 231,168×(1/60 hr) = 3,853.

** Average monthly responses per respondent.*

Status: Extension of a currently approved collection.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: June 2, 1997.

George S. Anderson,

Executive Vice President, Government National Mortgage Association.
