Title of Proposal: Current Population Survey (CPS) Lead Paint Hazards Awareness Supplement.

OMB Control Number, if applicable: 25390006.

Description of the need for the information and proposed use: The Department of Housing and Urban Development is requesting renewal of clearance for the collection of data concerning the Lead Paint Hazards Awareness Supplement to be conducted in conjunction with the December 1997 CPS. Title 13, United States Code, Section 182; and Title 29 United States

Code, Sections 1-9, authorize the collection of CPS information. The Census Bureau will collect the supplemental data in compliance with the Privacy Act of 1974 and OMB Circular A-130. The Department of Housing and Urban Development (HUD) sponsored the supplement questions, which were previously collected in December 1994.

This survey provides information that is suitable for the planning and evaluation of Title X of the Housing and Community Development Act of 1992. The supplement, which was conducted in December 1994, will serve as a benchmark for determining awareness to the hazards of lead-based paint before the disclosure requirement of Title X which went into effect in December 1996.

The disclosure requirement mandates that landlords and sellers of dwellings built before 1978 disclose to potential renters or buyers the potential for the presence of lead-based paint and the hazards associated with lead-based paint. The 1977 supplement will be used to measure the change in awareness for the hazards associated with lead-based paint since the disclosure requirement went into effect and assist state and local governments with lead hazard awareness education program development.

The lead paint hazards awareness information will be collected by both personal visit and telephone interviews in conjunction with the regular December CPS interviewing. All interviews are conducted using computer-assisted interviewing.

Agency form numbers, if applicable: There are no forms. All interviewing is computerized.

Members of affected public: Households.

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response:

Estimated Number of Respondents: 48,000 per month.

Estimated Time Per Response: 8.3 minutes.

Dated: May 28, 1997.
