

formal application that are not located in a designated place in accordance with the requirements of the interim rule will be returned to the applicant. This Notice is to advise such applicants that this policy is revised. Loan requests that have been issued an AD-622 inviting a formal application for a complex that is not located in a designated place, in accordance with the interim rule, will be held until after the Final Rule on the reforms is published, estimated to be on or about November 1, 1997. The reason for not returning such loan requests at this time is because the Agency anticipates that the interim rule requirements on designating places may change based on the public comments and the scheduled hearing on June 11, 1997. The Agency does not desire to adversely affect such applicants by returning their loan requests. Until the Final Rule is published, Rural Development Offices will retain these loan requests. Retaining these loan requests should not be construed as an indication or guarantee of future funding. Rather, applicants may maintain the current status of their loan request at their own cost and risk; however, such applications will be subject to the provisions of the Final Rule. Such applicants must keep their applications current and may withdraw same at any time.

Dated: June 9, 1997.
