BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE

Lodging of Consent Decree Pursuant to the Clean Water Act

Notice is hereby given that a proposed Final Consent Decree in *United States v. Roger Fleming*, Civil No. 3:96-2080-17 (D.S.C.), was lodged with the United States District Court for the District of South Carolina on May 28, 1997. The proposed Consent Decree concerns alleged violations of sections 301(a) and 404 of the Clean Water Act, 33 U.S.C. 1311(a) and 1344, resulting from the unauthorized dredging, flooding, and diking of approximately 0.7 acre of wetlands in Eastover, Richland County, South Carolina. The violation involved the construction of a 0.5-acre pond and the discharge of fill material into an additional 0.2 acre of wetlands to form a dike on three sides of the pond. The manner of construction utilized also resulted in the unlawful impoundment of water on adjacent property. The pond was subsequently modified with the installation and reconfiguration of a new inlet pipe to eliminate the impoundment problem.

The proposed Final Consent Decree would provide for the payment of a \$250 civil penalty, permanently enjoin the Defendant from further violations of the Clean Water Act, and allow for monitoring of the corrective measures taken to ensure that impoundment does not reoccur.

The U.S. Department of Justice will receive written comments relating to the proposed Consent Decree for a period of thirty (30) days from the date of publication of this notice. Comments should be addressed to R. Emery Clark, Assistant United States Attorney, District of South Carolina, 1441 Main Street, Suite 500, Columbia, SC 29201 and should refer to *United States v. Roger Fleming*, Civil No. 3:96-2080-17 (D.S.C.).

The proposed Final Consent Decree may be examined at the Clerk's Office, United States District Court for the District of South Carolina, Columbia Division, 1945 Assembly Street, Columbia, South Carolina 29201.

Letitia J. Grishaw,
Chief, Environmental Defense Section,
Environment and Natural Resources Division,
