2. Integrated Risk Project Steering Committee

The Integrated Risk Project (IRP) Steering Committee, an *ad hoc* committee established by the Executive Committee of the Science Advisory Board, will meet on July 9-11, 1997, at the Ramada Hotel Olde Towne, 901 N. Fairfax Street, Alexandria, VA, telephone (703) 683-6000. The meeting will begin at 1:30 pm eastern time on July 9, and at 8 am on July 10 and 11, and end no later than 5:30 pm each day. Seating will be limited and available on a first-come, first-served basis. The purpose of the meeting is to review and revise a draft report, being developed as part of the Integrated Risk Project, describing an integrated model for decision-making that incorporates information on risks to ecosystems and humans, risk reduction options, and their economic and societal implications.

Background on the Integrated Risk Project (IRP): In a letter dated October 25, 1995, to Dr. Matanoski, Chair of the SAB Executive Committee, Deputy Administrator Fred Hansen charged the SAB to: (a) develop an updated ranking of the relative risk of different environmental problems based upon explicit scientific criteria; (b) provide an assessment of techniques and criteria that could be used to discriminate among emerging environmental risks and identify those that merit serious, near-term Agency attention; (c) assess the potential for risk reduction and propose alternative technical risk reduction strategies for the environmental problems identified; and d) identify the uncertainties and data quality issues associated with the relative rankings. The project is being conducted by several SAB panels, working at the direction of an *ad hoc* Steering Committee established by the Executive Committee.

Single copies of Reducing Risk, the report of the previous relative risk ranking effort of the SAB, can be obtained by contacting the SAB's

Committee Evaluation and Support Staff (1400), 401 M Street, SW, Washington, DC 20460, telephone (202) 260-8414, or fax (202) 260-1889.
