A notice and letter to the Commissioner of Customs published in the **Federal Register** on September 20, 1996 (61 FR 49439) announced the temporary amendment to the foreign origin exception for findings and trimmings under the Special Access Program. By date of export, the foreign origin exception for findings and trimmings, including elastic strips of less than one inch in width, under the Special Access Program were temporarily amended to include non-U.S. formed, U.S. cut interlinings for the period September 23, 1996 through June 22, 1997 for women's and girls' suit jackets and suit-type jackets in Categories 435, 444, 635 and 644. This amendment is being extended for a six-month period beginning on June 23, 1997 and extending through December 22, 1997 for women's and girls' suit jackets and suit-type jackets entered under the Special Access Program (9802.00.8015) provided they are cut in the United States and are of a type described below:

(2) A woven fabric which contains and exhibits properties of resiliency which render the fabric especially suitable for attachment by fusing with a thermo-plastic adhesive to the coat-front, side body or back of women's or girls' tailored suit jackets and suit-type jackets.

Note that the amendment is not being extended for weft-inserted warp knit fabric which contains and exhibits properties of elasticity and resilience which render the fabric especially suitable for attachment by fusing with a thermo-plastic adhesive to the coat-front, side body or back of women's or girls' tailored suit jackets and suit-type jackets. These interlinings must be formed and cut in the United States.

Troy H. Cribb,

Chairman, Committee for the Implementation of Textile Agreements.

Committee for the Implementation of Textile Agreements

June 26, 1997.

Commissioner of Customs,
Department of the Treasury, Washington, DC 20229.

Dear Commissioner: This directive amends but does not cancel the directive issued to you on September 16, 1996, by the Chairman, Committee for the Implementation of Textile Agreements. That directive concerns the foreign origin exception for findings and trimmings under the Special Access Program.

Effective on June 23, 1997, by date of export, you are directed to extend, for the six-month period June 23, 1997 through December 22, 1997, the amendment to treat non-U.S. formed, U.S.-cut interlinings, further described below, for women's and girls' wool and man-made fiber suit jackets and suit-type jackets in Categories 435, 444, 635 and 644 as qualifying for the exception for findings and trimmings, including elastic strips less than one inch in width, created under the Special Access Program established effective September 1, 1986 (see 51 FR 21208). In the aggregate, such interlinings, findings and trimmings must not exceed 25 percent of the cost of the components of the assembled article.

The amendment implemented by this directive shall be of a temporary nature. With respect to women's and girls' suit jackets and suit-type jackets in Categories 435, 444, 635 and 644, the amendment will terminate on December 22, 1997, by date of export.

As described above, non-U.S. formed, U.S.-cut interlinings may be used in imports of women's or girls' suit jackets and suit-type jackets entered under the Special Access Program (9802.00.8015) provided they are cut in the United States and of a type described below:

(1) A chest plate, "hymo" piece or "sleeve header" of woven or weft-inserted warp knit construction of coarse animal hair or man-made filaments used in the manufacture of women's or girls' tailored suit jackets and suit-type jackets;

(2) A woven fabric which contains and exhibits properties of resiliency which render the fabric especially suitable for attachment by fusing with a thermo-plastic adhesive to the coat-front, side body or back of women's or girls' tailored suit jackets and suit-type jackets.

This amendment is not being extended for weft-inserted warp knit fabric which contains and exhibits properties of elasticity and resilience which render the fabric especially suitable for attachment by fusing with a thermo-plastic adhesive to the coat-front, side body or back of women's or girls' tailored suit jackets and suit-type jackets. These interlinings must be formed and cut in the United States.

The Committee for the Implementation of Textile Agreements has determined that this action falls within the foreign affairs exception of the rulemaking provisions of 5 U.S.C. 553(a)(1).

Sincerely,

Troy H. Cribb,

Chairman, Committee for the Implementation of Textile Agreements.

CONSUMER PRODUCT SAFETY COMMISSION

Submission for OMB Review; Comment Request: All-Terrain Vehicle Exposure Survey

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: In the April 15, 1997, **Federal Register** (62 FR 18333), the Consumer Product Safety Commission published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) to announce the agency's intention to seek approval of a collection of information to determine consumer exposure to the hazards associated with the use of All-Terrain Vehicles ("ATVs"). The Commission now announces that it has submitted to the Office of Management and Budget a request for approval of that collection of information.

The collection of information consists of a national telephone survey of households. Information obtained from ATV-owning households will have two primary uses. First, the results of the survey will be compared to those of earlier ATV exposure surveys (conducted in 1986 and 1989) to evaluate changes in the characteristics and use patterns of non-occupational ATV drivers over time. Second, data from the survey will be analyzed with data obtained from in-depth investigations of persons who were injured using ATVs for non-occupational purposes to determine and quantify ATV risk factors. This risk analysis will reveal current risk patterns and how they have changed since the late 1980s.

Results of the collection of information will assist the Commission in determining what, if any, action it should take with regard to ATVs after April 28, 1998, when Final Consent Decrees signed by five major distributors of ATVs will expire.
