

providing false information to the Licensee constitute deliberate violations of Commission regulations, and his doing so on multiple occasions raise serious doubt as to whether he can be relied upon to comply with NRC requirements and to provide complete and accurate information to NRC Licensees and their contractors in the future. Mr. Wilson's conduct raises doubt about his trustworthiness and reliability.

Consequently, I lack the requisite reasonable assurance that licensed activities can be conducted in compliance with the Commission's requirements and that the health and safety of the public would be protected if Mr. Wilson were permitted at this time to be involved in NRC-licensed activities. Therefore, the public health, safety and interest require that Mr. Wilson be prohibited from any involvement in NRC-licensed activities for a period of five years from the date of this Order. In addition, if Mr. Wilson is currently involved with another licensee in NRC-licensed activities, Mr. Wilson must immediately cease such activities, and inform the NRC of the name, address and telephone number of the employer, and provide a copy of this Order to the employer. Additionally, Mr. Wilson is required to notify the NRC of his employment in NRC-licensed activities for a period of five years following the prohibition period. Furthermore, pursuant to 10 CFR 2.202, I find that the significance of Mr. Wilson's conduct described above is such that the public health, safety and interest require that this Order be immediately effective.

IV

Accordingly, pursuant to sections 103, 161b, 161c, 161i, and 186 of the Atomic Energy Act of 1954, as amended, and the Commission's regulations in 10 CFR 2.202 and 10 CFR 50.5, *It Is Hereby Ordered, Effective Immediately, That:*

1. Mr. Lonnie Randall Wilson is prohibited from engaging in activities licensed by the NRC for five years from the date of this Order. For the purposes of this Order, licensed activities are those activities that are conducted pursuant to a specific or general license issued by the NRC, including, but not limited to, those activities of Agreement State licensees conducted pursuant to the authority granted by 10 CFR 150.20

2. For a period of five years after the five year period of prohibition has expired, Mr. Wilson shall, within 20 days of his acceptance of each employment offer involving NRC-licensed activities or his becoming involved in NRC-licensed activities, as

defined in Paragraph IV.1 above, provide notice to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, of the name, address, and telephone number of the employer or the entity where he is, or will be, involved in the NRC-licensed activities. In the first notification, Mr. Wilson shall include a statement of his commitment to compliance with regulatory requirements and the basis why the Commission shall have confidence that he will now comply with applicable NRC requirements.

The Director, Office of Enforcement, may, in writing, relax or rescind any of the above conditions upon demonstration by Mr. Wilson of good cause.

V

In accordance with 10 CFR 2.202, Mr. Wilson must, and any other person adversely affected by this Order may, submit an answer to this Order, and may request a hearing on this Order within 20 days of the date of this Order. Where good cause is shown, consideration will be given to extending the time to request a hearing. A request for extension of time must be made in writing to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, and include a statement of good cause for the extension. The answer may consent to this Order. Unless the answer consents to this Order, the answer shall, in writing and under oath or affirmation, specifically admit or deny each allegation or charge made in this Order and shall set forth the matters of fact and law on which Mr. Wilson or other person adversely affected relies and the reasons as to why the Order should not have been issued. Any answer or request for a hearing shall be submitted to the Secretary, U. S. Nuclear Regulatory Commission, ATTN: Chief, Rulemakings and Adjudications, Washington, DC 20555. Copies also shall be sent to the Director, Office of Enforcement, U. S. Nuclear Regulatory Commission, Washington, DC 20555, to the Assistant General Counsel for Hearings and Enforcement at the same address, to the Regional Administrator, Region III, U. S. Nuclear Regulatory Commission, 801 Warrenville Road, Lisle, Illinois 60532-4351, and to Mr. Wilson, if the answer or hearing request is by a person other than Mr. Wilson. If a person other than Mr. Wilson requests a hearing, that person shall set forth with particularity the manner in which his or her interest is adversely affected by this Order and shall address the criteria set forth in 10 CFR 2.714(d).

If a hearing is requested by Mr. Wilson or a person whose interest is adversely affected, the Commission will issue an Order designating the time and place of any hearing. If a hearing is held, the issue to be considered at such hearing shall be whether this Order should be sustained.

Pursuant to 10 CFR 2.202(c)(2)(i), Mr. Wilson may, in addition to demanding a hearing, at the time that answer is filed or sooner, move the presiding officer to set aside the immediate effectiveness of the Order on the ground that the Order, including the need for immediate effectiveness, is not based on adequate evidence but on mere suspicion, unfounded allegations, or error.

In the absence of any request for hearing, or written approval of an extension of time to request a hearing, the provisions specified in Section IV above shall be final 20 days from the date of this Order without further order or proceedings. If an extension of time for requesting a hearing has been approved, the provisions specified in Section IV shall be final when the extension expires if a hearing request has not been received. *An Answer or a Request for a Hearing Shall Not Stay the Immediate Effectiveness of this Order.*

Dated at Rockville, Maryland this 27th day of June 1997.

For the Nuclear Regulatory Commission.

Director, Office of Enforcement.
