## DEPARTMENT OF JUSTICE

### Notice of Lodging of Consent Decree Pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act

Notice is hereby given that in *United States v. Anderson, Greenwood & Co., et al.*, Civil Action No. H-91-3529, on June 24, 1997, amendments to two Consent Decrees, previously lodged by the United States with the United States District Court for the Southern District of Texas, Houston Division, on December 3, 1991, were lodged with the court.

These amendments add Westinghouse Electric Corporation ("Westinghouse") as a settling party to two previous consent decrees, notice of which was published in the **Federal Register** on 12/19/91, Vol. 56, No. 244, p. 65913.

The proposed consent decrees settle the government's claims in the amended complaint pursuant to sections 106 and

107 of CERCLA, 42 U.S.C. 9606, 9607, for (1) injunctive relief to abate an imminent and substantial endangerment to the public health, welfare or the environment because of actual or threatened releases of hazardous substances from a facility located near Hempstead, Waller County, Texas, and known as the "Sheridan Site," and for (2) recovery of all response costs incurred by the United States. The amended complaint alleged, among other things, that certain defendants were owners or operators of the facility at the time of disposal of hazardous substances at the Sheridan Site and that certain defendants were persons who by contract, agreement or otherwise arranged for disposal of hazardous substances at the Site or who arranged for transport of hazardous substances to the Site. The complaint further alleged that the United States has incurred response costs in response to actual or threatened releases of hazardous substances at or from the Sheridan Site.

Under the terms of the proposed amended consent decrees, Westinghouse is allowed to join the settlement in return for payment of \$15,000 to the Sheridan Site Committee, and its withdrawal of its objections to entry of the consent decrees. The consent decrees, in conjunction with the other pending consent decree lodged June 24, 1993, fully compensates the United States for its costs, as well as fund provides for the implementation of a remedy at the Site. The settlement also provides \$20,000 for all costs incurred, and to be incurred, with regard to a wildlife mitigation plan.

The Department of Justice will receive comments relating to the proposed amendments to the Consent Decrees for a period of 30 days from the date of this publication. Comments should be addressed to the Assistant Attorney General of the Environment and Natural Resources Division, Department of Justice, Washington, DC 20530. All comments should refer to *United States v. Anderson, Greenwood & Co., et al.*, D.J. Ref. No. 90-11-2-445.

### Privacy Act of 1974; Modified System of Records

Pursuant to the Privacy Act of 1974 (5 U.S.C. 552a), the Immigration and Naturalization Service (INS), Department of Justice, proposes to modify the following system of records—previously published March 7, 1997 (62 FR 10582):

The Immigration and Naturalization Service (INS)  
Alien File (A-File) and Central Index System (CIS),  
Justice/INS-001A

To comply with a provision of a settlement agreement reached in *Amwest Insurance Company v. Reno*, Civil No. 93 3256 JSL (Shx), filed in the Central District of California, INS proposes to modify routine use disclosure provision P. Routine use "P." permits the disclosure of information to an obligor who has posted an immigration bond. However, this disclosure provision currently authorizes the release of only that "information which may aid an obligor in locating an individual who has failed to appear at an immigration proceeding \* \* \*." As modified, the routine use authorizes the release of information that may allow the obligor to review the propriety of an INS notice of breach of bond and/or the related appearance demand.

Title 5 U.S.C. 552(e)(4) and (11) provide that the public be given a 30-day period in which to comment on proposed new routine use disclosures. The Office of Management and Budget (OMB), which has oversight responsibilities under the Act, requires a 40-day period in which to conclude its review of the proposal.

Therefore, please submit any comments by August 7, 1997. The public, OMB, and the Congress are invited to send written comments to Patricia E. Neely, Program Analyst, Information Management and Security Staff, Justice Management Division, Department of Justice, Washington, DC 20530 (Room 850, WCTR Building).
