Notice of Approval of Record of Decision, Final Environmental Impact Statement for the Santa Rosa Island Resources Management Plan for Improving Water Quality and Conserving Rare Species and Their Habitats; Channel Islands National Park, Santa Barbara County, California

SUMMARY: Pursuant to § 102(2)(C) of the National Environmental Policy Act of 1969 (Pub. L. 91-190, as amended), and the regulations promulgated by the Council of Environmental Quality at 40 CFR 1505.2, the Department of the Interior, National Park Service has prepared and approved a Record of Decision for the Final Environmental Impact Statement and Resources Management Plan for Improvement of Water Quality and Conservation of Rare Species and Their Habitats on Santa Rosa Island (Final EIS/RMP).

The National Park Service will implement actions described in the Proposed Action, Alternative D (Revised Conservation Strategy), in the Final EIS/RMP issued in April, 1997, except as follows: (1) A small cattle gathering area, the "Arlington Trap", would be available to the permittee for occasional

rounding up of cattle in the years following closure of Pocket Field; and (2) Regarding utilization of Old Ranch Pasture, under the Proposed Action this Pasture would be closed immediately to cattle and horses. Currently there are no cattle in the Pasture, and the permittee will have until January 1, 1998, to move the existing horse herd from this Pasture to other pastures. Horse utilization for this additional period of time was deemed to have negligible effect on resources and will not hinder restoration efforts.

Copies of the Record of Decision may be obtained from the Superintendent, Channel Islands National Park, 1901 Spinnaker Drive, Ventura, CA 93001, or via telephone at (805) 658-5776.

Dated: June 30, 1997.

DEPARTMENT OF THE INTERIOR**National Park Service**

**Notice of Inventory Completion for
Native American Human Remains and
Associated Funerary Objects in the
Possession of the Noatak National
Preserve, National Park Service,
Kotzebue, AK**

AGENCY: National Park Service.

ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003 (d), of the completion of an inventory of human remains and associated funerary objects in the possession of the Noatak National Preserve, National Park Service, Kotzebue, AK.

A detailed assessment of the human remains was made by professional staff of the National Park Service in consultation with representatives of the Native Village of Noatak and the Northwest Alaska Native Association.

In 1982, human remains representing one individual were collected by a park visitor during a boating trip down the Noatak River. No known individuals were identified. No associated funerary objects are present.

Park records indicate that the remains were collected from an area 75 miles downstream of Lake Matcharak on the Noatak River. The exact location is not known. The human remains are dated to the 19th century AD based on the state of preservation. Historical documentation as well as testimony from Inupiaq elders indicates this area was located within the traditional territory of the historic Nuataagmiut. The descendants of the historic Nuataagmiut have been widely dispersed. However, the largest group of descendants currently reside in Noatak, Alaska and are represented by the Native Village of Noatak.

Based on the above information, officials of the National Park Service have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of one individual of Native American ancestry. Officials of the National Park Service have also determined that, pursuant to 25 U.S.C.

3001 (2), there is a relationship of shared group identity which can be reasonably traced between these Native American human remains and the Native Village of Noatak.

This notice has been sent to officials of the Native Village of Noatak and Northwest Alaska Native Association. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains should contact Superintendent David Spirtes, Northwest Alaska Areas, P.O. Box 1029, Kotzebue, Alaska, 99752, telephone (907) 442-3760, before August 15, 1997. Repatriation of the human remains to the Native Village of Noatak may begin after that date if no additional claimants come forward.

Dated: July 10, 1997.

Archaeologist, Assistant Manager, Archeology

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003 (d), of the completion of an inventory of human remains in the possession of the University of Alaska Museum, Fairbanks, AK.

In 1980, human remains representing one individual were found at Brevig Mission by an unknown individual under unknown circumstances. Alaska State troopers from Nome, AK took custody of the human remains and sent them to the Anthropology Department at the University of Alaska Fairbanks in October, 1980. In 1993, these human remains were transferred to the University of Alaska Museum. No known individual was identified. No associated funerary objects are present.

Archeological evidence indicates continuous occupation of the Brevig
