SUPPLEMENTARY INFORMATION:

OMB Approval No.: 3060-0370.

Title: Part 32—Uniform System of Accounts for Telecommunications Companies.

Form No.: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents: 239 respondents.

Estimated Hour Per Response: 12,685 hours per recordkeeper/response.

Frequency of Response: On occasion reporting and recordkeeping requirement.

Estimated Total Annual Burden: 3,031,838 hours.

Needs and Uses: The Uniform System of Accounts is a historical financial accounting system which reports the results of operational and financial events in a manner which enables both management and regulators to assess these results within a specified accounting period. Subject respondents are telecommunications companies. Entities having annual revenues from regulated telecommunications operations of less than \$100 million are designated as Class B companies and are subject to a less detailed accounting system than those designated as Class A companies. Part 32 imposes essentially recordkeeping requirements. The reporting requirements contained in the rulepart are sporadic or initiated by the carriers. Part 32 has been revised. For example, in CC Docket 96-60, the Commission raised the expense limit in Section 32.20000(a)(4) from \$500 to \$2,000, with one exception related to personal computers recorded in Account 2121, General purpose computers.

Title: Telecommunications Services for Individuals with Hearing and Speech Disabilities and the Americans with Disabilities Act of 1990—CC Docket No. 90-571.
Form No.: N/A.
Estimated Annual Burden: 72 respondents; 112.6 hours per response (avg.); 8,110 total annual burden for all collections.
Estimated Annual Reporting and Recordkeeping Cost Burden: \$0.
Frequency of Response: On occasion; every five years.
Description: Section 225 of the Communications Act of 1934, as amended, 47 U.S.C. Section 225, enacted in 1990 as Title IV of the Americans with Disabilities Act, Pub. L. 101-336, requires the Commission to promulgate regulations that require all common carriers to provide telecommunications relay services (TRS) for callers with hearing and speech disabilities throughout their

service areas, by July 26, 1993. Accordingly, the Commission adopted regulations for the provision of TRS at 47 CFR Sections 64.601-605. These regulations contain operational, technical and functional standards required of all telecommunications relay services (TRS) providers, set up an interstate funding mechanism (TRS Fund) for the recovery of interstate TRS costs, and also set forth the procedures for state certification and for filing complaints involving TRS. 47 CFR Section 64.605 describes the state TRS certification procedures. State documentation must: (1) establish that the State meets or exceeds all operational, technical and functional minimum standards contained in Section 64.604; (2) establish that the program makes available adequate procedures and remedies for enforcing the requirements of the state program; and (3) establish that its program in no way conflicts with federal law, where a state program exceeds the mandatory

minimum standards. See 47 CFR Section 65.605(b). State certification remains in effect for five years, unless the certification is suspended or revoked (see 47 CFR Section 64.605(c) and (e)). One year prior to the expiration of certification, a state may apply for renewal of its certification, and such renewal process will proceed in the same manner as the original certification. Current state TRS certifications will expire on July 26, 1998, and beginning July 26, 1997, states will be allowed to apply for renewal. 47 CFR Section 64.604(c)(5) also establishes complaint procedures for TRS. Information submitted in response to the state certification program will be used to determine whether the program is certifiable under federal requirements. Information submitted by complainants will be used to determine the merits of the complaints, and to attempt resolution. Your response is required to obtain or retain benefits.
