J.R. Simplot Co., Heyburn, Idaho; Notice of Revised Determination on Reconsideration

On June 30, 1997, the Department, on its own motion, reviewed the negative determination regarding the petition for workers of the subject firm. The workers produce frozen potato products.

The initial investigation resulted in a negative determination issued on May 22, 1997, because criterion (3) of the Trade Act of 1974, as amended was not met. A survey of major declining customers revealed that none of the

respondents increased their purchases of frozen potato products while decreasing their purchases from the subject firm. The denial notice was published in the **Federal Register** on June 13, 1997 (62 FR 32376).

A late response to the survey conducted by the Department revealed that a customer of the subject firm increased import purchases of frozen processed potato products during the relevant time period.

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles like or directly competitive with frozen processed potato products, contributed importantly to the declines in sales or production and to the total or partial separation of workers of J.R. Simplot Company, Heyburn, Idaho. In accordance with the provisions of the Act, I make the following certification:

All workers of J.R. Simplot Company, Heyburn, Idaho, who became totally or partially separated from employment on or after April 6, 1996, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed in Washington, DC, this 10th day of July 1997.

Acting Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.

The initial investigation resulted in a negative determination issued on May 22, 1997, because criteria (3) and (4) of paragraph (a)(1) of section 250 of the Trade Act of 1974, as amended, were not met. There was no shift of production from the Heyburn, Idaho plant to Canada or Mexico, nor did J.R. Simplot import frozen potato products. A survey of major declining customers of the subject firm revealed that customers did not purchase frozen potato products from Canada or Mexico

during the relevant period. The denial notice was published in the **Federal Register** on June 13, 1997 (62 FR 32377).

A late response to the survey conducted by the Department revealed that a customer of the subject firm increased import purchases of frozen processed potato products from Mexico and/or Canada during the relevant time period.

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles from Canada and Mexico like or directly competitive with frozen processed potato products, contributed importantly to the declines in sales or production and to the total or partial separation of workers of J.R. All workers of J.R. Simplot Company, Heyburn, Idaho, who became totally or partially separated from employment on or after April 6, 1996, are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

American Oil and Gas a/k/a K N Energy a/k/a Westar Transmission Company a/k/a H R Options, Inc.; Amended Certification Regarding Eligibility to Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 USC 2273) the Department of Labor issued a Notice of Certification Regarding Eligibility to Apply for Worker Adjustment Assistance on April 26, 1997, applicable to workers of American Oil and Gas in Amarillo, Texas, and the subject firms' Gathering and Processing Divisions in Pampa, Texas. The notice was published in the **Federal Register** on May 9, 1995 (60 FR 24653).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The

workers produced crude oil and natural gas products. Findings on review show that some of the workers have had their wages reported to Unemployment Insurance tax accounts under the new parent company name, K N Energy, and under Westar Transmission Company and HR Options, Inc. The intent of the Department's certification is to include all workers of American Oil and Gas who were affected by increased imports. Accordingly, the Department is amending the worker certification to reflect this matter.

The amended notice applicable to TA-W-30,836 is hereby issued as follows:

All workers of American Oil and Gas, also known as K N Energy, also known as Westar Transmission Company and also known as HR Options, Inc., Amarillo, Texas (TA-W-30,836), the Processing Division, Pampa, Texas (TA-W-30,837A), and the Gathering Division, Pampa, Texas (TA-W-30,837B), who became totally or partially separated from employment on or after March 7, 1994 through April 26, 1997, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, D.C. this 27th day of June 1997.

Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.

Cone Mills Corp., Haynes Plant, Henrietta, North Carolina and Cone Mills Corp., Florence Plant, Forest City, North Carolina; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on June 17, 1997, applicable to all workers of Cone Mills Corporation, Haynes Florence Plant, Henrietta, North Carolina. The notice will soon be published in the **Federal Register**.

At the request of the State Agency, the Department reviewed the certification for workers of the subject firm. New findings show that the Department

incorrectly identified the subject firm plants and locations. The investigation conducted for the subject firm was conducted on behalf of the workers at the Haynes Florence Plant located in Henrietta, North Carolina. Workers of the Florence Plant, Forest City, North Carolina facility were inadvertently omitted from the certification. Accordingly, the Department is amending the certification to correctly identify the plants and cities to read Haynes Plant, Henrietta, North Carolina and Florence Plant, Forest City, North Carolina.

The intent of the Department's certification is to include all workers of Cone Mills Corporation adversely affected by imports.

The amended notice applicable to TA-W-33,477 is hereby issued as follows:

All workers of Cone Mills Corporation, Haynes Plant, Henrietta, North Carolina (TA-W-33,477) and Florence Plant, Forest City, North Carolina (TA-W-33,477A) who became totally or partially separated from employment on or after April 8, 1996 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC, this 27th day of June 1997.
