

**ACTION:** Notice of availability of proposed records schedules; request for comments.

**SUMMARY:** The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Records schedules identify records of sufficient value to warrant preservation in the National Archives of the United States. Schedules also authorize agencies after a specified period to dispose of records lacking administrative, legal, research, or other value. Notice is published for records schedules that propose the destruction of records not previously authorized for disposal, or reduce the retention period for records already authorized for disposal. NARA invites public comments on such schedules, as required by 44 U.S.C. 3303a(a).

**DATES:** Requests for copies must be received in writing on or before September 12, 1997. Once the appraisal of the records is completed, NARA will send a copy of the schedule. The requester will be given 30 days to submit comments.

**ADDRESSES:** Address requests for single copies of schedules identified in this notice to the Civilian Appraisal Staff (NWRC), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. Requesters must cite the control number assigned to each schedule when requesting a copy. The control number appears in the parentheses immediately after the name of the requesting agency.

**FOR FURTHER INFORMATION CONTACT:** Michael L. Miller, Director, Records Management Programs, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001, telephone (301) 713-7110.

**SUPPLEMENTARY INFORMATION:** Each year U.S. Government agencies create billions of records on paper, film, magnetic tape, and other media. In order to control this accumulation, agency records managers prepare records schedules specifying when the agency no longer needs the records and what happens to the records after this period. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. These comprehensive schedules provide for the eventual transfer to the National Archives of historically valuable records and authorize the disposal of all other records. Most schedules, however, cover records of only one office or program or a few series of records, and many are updates of previously approved

schedules. Such schedules also may include records that are designated for permanent retention.

Destruction of records requires the approval of the Archivist of the United States. This approval is granted after a thorough study of the records that takes into account their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government's activities, and historical or other value.

This public notice identifies the Federal agencies and their subdivisions requesting disposition authority, includes the control number assigned to each schedule, and briefly describes the records proposed for disposal. The records schedule contains additional information about the records and their disposition. Further information about the disposition process will be furnished to each requester.

## NUCLEAR REGULATORY COMMISSION

[Docket No. 50-443 (License No. NPF-86)]

**North Atlantic Energy Service Corporation and Great Bay Power Corporation; (Seabrook Station, Unit No. 1)**

### Exemption

#### I.

Great Bay Power Corporation (Great Bay) is the holder of a 12.1324-percent ownership interest in Seabrook Station, Unit No. 1 (Seabrook). Its interest in Seabrook is governed by License No. NPF-86 issued by the U.S. Nuclear Regulatory Commission (the Commission or NRC), pursuant to Part 50 of Title 10 of the Code of Federal Regulations (10 CFR part 50), on March 15, 1990, in Docket No. 50-443. Under this license, only North Atlantic Energy Service Corporation (North Atlantic), acting as agent and representative of 11 joint owners listed in the license, has authority to operate Seabrook. Seabrook is located in Rockingham County, New Hampshire. The license provides, among other things, that it is subject to all rules, regulations, and orders of the NRC now or hereafter in effect.

#### II.

Great Bay was established in 1994 as a successor to EUA Power Corporation, which had filed for reorganization under Chapter 11 of the U.S. Bankruptcy Code. Great Bay is a non-operating, 12.1324-percent co-owner of Seabrook and sells its proportionate share of power from Seabrook on the wholesale electricity market. In January 1997, Great Bay became a wholly owned subsidiary of BayCorp Holdings, Ltd. (BayCorp).

By letter dated May 8, 1996, North Atlantic requested, for itself and as agent for the joint owners of Seabrook, approval of the indirect transfer of control of Great Bay's interest in Operating License NPF-86 through the formation of a holding company above Great Bay. In connection with its review of the requested action, the NRC staff determined that Great Bay does not
