

regulatory commission and to East Tennessee's customers.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions or protests should be filed on or before August 8, 1997. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

#### Garden Banks Gas Pipeline, LLC; Notice of Proposed Changes in FERC Gas Tariff

August 1, 1997.

Take notice that on July 30, 1997, Garden Banks Gas Pipeline, LLC (GBGP) tendered for filing as part of its FERC Gas Tariff, Original Volume No. 1, Sheet No. 136, to become effective November 1, 1997.

GBGP states the purpose of the filing is to comply with letter order issued on July 18, 1997 in Docket No. RP97-310-002, whereby GBGP was directed to refile Tariff Sheet No. 136 within 15 days of the date of the letter order.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with 18 CFR 385.211 of the Commission's Rules and Regulations. All such protests must be filed in accordance with § 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public

inspection in the Public Reference Room.

### Federal Energy Regulatory Commission

[Docket No. CP97-675-000]

#### U.S. General Services Administration; Notice of Application for Presidential Permit and Section 3 Authorization

August 1, 1997.

Take notice that on July 30, 1997, U.S. General Services Administration (GSA), Northwest Arctic Region, 400 15th Street SW, Auburn, Washington 98001-6599, filed in Docket No. CP97-675-000, an application for a Presidential Permit for the importation of natural gas and authority under Section 3 to construct, operate, maintain, and connect a natural gas pipeline extending from the Port of Entry facility at Point Roberts, Washington to a Canadian pipeline facility at the International border, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

GSA states that the Point Roberts pipeline system will consist of a 40 mm (two-inch) inside diameter pipe extending approximately 144 m (472 feet) from the gas meter set by BC Gas, Inc. on the Canadian side of the United States/Canada border. The Point Roberts pipeline system will transport gas only to the Port of Entry facility, no service will be provided or offered to the public. The Point Roberts Port of Entry facility is used by the U.S. Customs Service and the Immigration and Naturalization Service. GSA states that it will finance the construction and operation of the pipeline system. GSA further states that it will contract with IGC Resources, Inc., who has blanket authority from the U.S. Department of Energy to import natural gas from Canada, to provide the natural gas service to the Port of Entry facility. GSA also states that BC Gas, Inc. will construct and operate pipe and meter facilities in Canada, and that GSA will construct and operate the pipeline system from the meter to the facility in the United States.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 22, 1997, file with the Federal Energy Regulatory Commission, 888 First

Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 18 CFR 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for GSA to appear or be represented at the hearing.

### Federal Energy Regulatory Commission

[Docket No. RP97-116-005]

#### Koch Gateway Pipeline Company; Notice of Compliance Filing

August 1, 1997.

Take notice that on July 30, 1997, Koch Gateway Pipeline Company (Koch) tendered for filing as part of its FERC Gas Tariff, Fifth Revised Volume No. 1, the following tariff sheets to be effective January 1, 1997:

Third Revised Sheet No. 1410  
Fourth Revised Sheet No. 1411

Koch states that these revised tariff sheets are filed to comply with the Federal Energy Regulatory

Commission's "Order on Rehearing" issued on July 21, 1997 in Docket No. RP97-116-004. As directed, Koch revised the tariff sheets to allow Customers requesting new firm transportation thirty (30) days to execute a service agreement after its tender by Koch if the term of the contract is greater than one year and the agreement to be executed is not identical to the original request for service submitted by the Customer. If the original request by the Customer is identical to the contract to be executed then the tariff language approved in a letter order dated June 6, 1997, shall remain in effect.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Regulations. All such protest must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection.

### Federal Energy Regulatory Commission

[Docket No. OR95-7-000]

#### Longhorn Partners Pipeline; Notice of Petition for Further Review of Asset Valuation

August 1, 1997.

Take notice that on July 31, 1997, Longhorn Partners Pipeline, L.P. (Longhorn), pursuant to Rule 207 of the Commission's Rules of Practice and Procedure, 18 CFR 387.207, and the Commission's Order on Petition for Declaratory Order issued December 20, 1995, 73 FERC ¶ 61,355 (1995), filed a petition for further review of the asset valuation that was the subject of the 1995 order.

The 1995 order allowed Longhorn to include in its cost of service the full purchase price of a crude oil pipeline to be acquired from Exxon Pipeline Company (Exxon). The 1995 order provided, however, that "if Exxon or any of its affiliates should become an equity owner of the [Longhorn] system,

the proper valuation of the Baytown to Crane segment, as to Exxon's ownership, shall be subject to further review." 73 FERC ¶ 61,355 at 62,113.

Longhorn indicates that Exxon will acquire an equity interest in the Longhorn partnership. Accordingly, Longhorn requests a further valuation review and a determination that it may use in its cost of service the purchase price of the pipeline segment it is acquiring from Exxon, notwithstanding Exxon's anticipated equity participation in the Longhorn Partnership.

Any person desiring to be heard or to protest said filing must file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with 18 CFR 385.214 and 18 CFR 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed on or before August 15, 1997. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

[Docket No. RP97-140-006]

#### Louisiana-Nevada Transit Company; Notice of Proposed Changes in FERC Gas Tariff

August 1, 1997.

Take notice that on July 29, 1997, Louisiana-Nevada Transit Company (LNT), tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following revised tariff sheets to be effective November 1, 1997:

Fourth Revised Sheet No. 11  
Third Revised Sheet No. 27  
First Revised Sheet No. 27A  
Second Revised Sheet No. 28  
Second Revised Sheet No. 54  
Second Revised Sheet No. 60  
Original Sheet No. 62  
Original Sheet Nos. 63-64

LNT states that the revised tariff sheets are filed to comply with the Commission's directives in Order No.

587-C issued in Docket No. RM96-1-004 and its June 25, 1997, Order issued in the captioned proceedings.

LNT states that copies of the filing were served on all affected entities.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules of Practice and Procedure. All such protests should be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file and available for public inspection in the Public Reference Room.

### Federal Energy Regulatory Commission

[Docket No. CP97-673-000]

#### Northwest Pipeline Corporation; Notice of Request Under Blanket Authorization

August 1, 1997.

Take notice that on July 29, 1997, Northwest Pipeline Corporation (Northwest), 295 Chipeta Way, Salt Lake City, Utah 84108, filed in Docket No. CP97-673-000 a request pursuant to Sections 157.205, 157.216, and 157.211 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.216, and 157.211) for authorization to partially abandon certain existing facilities at its Idaho State Penitentiary Meter Station in Ada County, Idaho, and to construct and operate upgraded replacement facilities, to accommodate a request by Intermountain Gas Company (Intermountain) for increased delivery capabilities at this point for service under authorized firm transportation agreements. Northwest makes such request under its blanket certificate issued in Docket No. CP82-433, pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request on file with the Commission and open to public inspection.

Northwest proposes that the Idaho State Penitentiary Meter Station be upgraded by removing the existing 2-inch and 3-inch regulators, one 6-inch orifice meter, the 4-inch x 6-inch relief
