**Tennessee Gas Pipeline Company;
Notice of Request Under Blanket
Authorization**

August 13, 1997.

Take notice that on August 7, 1997, Tennessee Gas Pipeline Company

(Tennessee), P.O. Box 2511, Houston, Texas 77252, filed in Docket No. CP97-687-000 a request pursuant to Sections 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205 and 157.212) for authorization to modify an existing delivery point on Tennessee's system, located in Tippah County, Mississippi, to provide continued natural gas transportation service for the City of Ripley, Mississippi (City of Ripley under Tennessee's blanket certificate issued in Docket No. CP82-413-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Tennessee proposes to modify an existing delivery point located at approximate M.P. 851-1+13.4 to eliminate operational concerns caused by the high velocity of flow at this location. To modify this delivery point Tennessee will sever and cap a common connection at the header which serves the cities of Ripley and Baldwin, Mississippi, remove approximately 8-feet of the 6-inch header pipe, install a 4-inch hot tap assembly and approximately 40-feet of 4-inch interconnect pipe to form a direct line of service to the City of Ripley. The City of Baldwin will continue to receive service through the existing 2-inch side valve. The City of Ripley will reimburse Tennessee for the approximate \$25,000 cost.

Tennessee states that the total volumes delivered will not exceed total volumes authorized prior to this request, that this modification is not prohibited by its existing tariff, and that Tennessee has sufficient capacity to accomplish deliveries without detriment or disadvantage to its other customers.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for

authorization pursuant to Section 7 of the Natural Gas Act.
