**Proposed Projects**

1. Cost and Impact of Illnesses and Injuries Associated with Child Care Attendance—New—This is a revision of a previously submitted information collection. This is a longitudinal follow-

up telephone survey of parents of children attending large (15 children/center) day care centers and family day care homes (7 children) in order to (1) determine the extent to which the size of day care centers are associated with the rates of illnesses and injuries for children attending day care; (2) to estimate the costs of illnesses and injuries for children attending small and large day care centers; (3) to compare the health of the family members of

children attending small versus large day care centers; and (4) to estimate the costs of illnesses for the family members of children attending small versus large day care centers. The analyses of the proposed survey data will allow CDC to evaluate the relative costs and benefits of attending small as opposed to large day care centers. The information will provide valuable data to policy makers, medical professionals and scientists. The total annual burden is 624.

Respondents	Number of respondents	Number of responses/ respondents	Average burden/ response (in hours)
Parents (Monthly) .....	241	1	0.583
Parents (Annual) .....	241	11	.167
Child care provider .....	81	1	.5

**Citizens Advisory Committee on Public Health Service (PHS) Activities and Research at Department of Energy (DOE) Sites: Idaho National Engineering and Environmental Laboratory Health Effects Subcommittee**

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Agency for Toxic Substances and Disease Registry (ATSDR) and the Centers for Disease Control and Prevention (CDC) announce the following meeting.

*Name:* Citizens Advisory Committee on PHS Activities and Research at DOE Sites: Idaho National Engineering and Environmental Laboratory (INEEL) Health Effects Subcommittee.

*Times and Dates:* 8:30 a.m.-5 p.m., September 11, 1997; 8:30 a.m.-5 p.m., September 12, 1997.

*Place:* Celebrations Meeting Facility at the Clarion Inn of Sun Valley, 600 North Main Street, Ketchum, Idaho, 83340-2435, telephone 208/726-4140.

Status: Open to the public, limited only by the space available. The meeting room accommodates approximately 50 people.

Background: Under a Memorandum of Understanding (MOU) signed in December 1990 with DOE and replaced by an MOU signed in 1996, the Department of Health and Human Services (HHS) was given the responsibility and resources for conducting analytic epidemiologic investigations of residents of communities in the vicinity of DOE facilities, workers at DOE facilities, and other persons potentially exposed to radiation or to potential hazards from non-nuclear energy production use. HHS delegated program responsibility to CDC.

In addition, an MOU was signed in October 1990 and renewed in November 1992 between ATSDR and DOE. The MOU delineates the responsibilities and procedures for ATSDR's public health activities at DOE sites required under sections 104, 105, 107, and 120 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or "Superfund"). These activities include health consultations and public health assessments at DOE sites listed on, or proposed for, the Superfund National Priorities List and at sites that are the subject of petitions from the public; and other health-related activities such as epidemiologic studies, health surveillance, exposure and disease registries, health education, substance-specific applied research, emergency response, and preparation of toxicological profiles.

Purpose: This subcommittee is charged with providing advice and recommendations to the Director, CDC, and the Administrator, ATSDR, regarding community, American Indian Tribes, and labor concerns pertaining to CDC's and ATSDR's public health activities and research at this DOE site. The purpose of this meeting is to provide a forum

for community, American Indian Tribal, and labor interaction and serve as a vehicle for community concern to be expressed as advice and recommendations to CDC and ATSDR.

Matters To Be Discussed: Agenda items include presentations from the National Center for Environmental Health (NCEH) regarding current activities, the National Institute for Occupational Safety and Health and ATSDR will provide updates on the progress of current studies, and working group discussions.

Agenda items are subject to change as priorities dictate.

Contact Persons For More Information: Arthur J. Robinson, Jr., or Nadine Dickerson, Radiation Studies Branch, Division of Environmental Hazards and Health Effects, NCEH, CDC, 4770 Buford Highway, NE, (F-35), Atlanta, Georgia 30341-3724, telephone 770/488-7040, FAX 770/488-7044.

Administration for Children and Families

Proposed Information Collection Activity; comment request

Title: Administration for Children and Families (ACF) Uniform Project Description (UPD).

OMB No.: 0970-0139.

Description: ACF has more than forty discretionary grant programs. The proposed information collection narratives would comprise a set of descriptive language provisions usable for all of these grant programs to collect the information from grant applicants needed to evaluate and rank applications and protect the integrity of the grantee selection process. All ACF discretionary grant programs would be eligible but not required to use this project description.

The ACF uniform project description consists of a menu of narratives that can be selected as required to configure a project description appropriate for individual program announcements. Narratives selected for use in a given program announcement would define the required program description portion for the grant applicant. The ability to pick and choose appropriate language for any given program announcement simplifies application preparation by eliminating irrelevant portions of the application format for a given program announcement.

Respondents: State, Local or Tribal Governments; and Not-for-profit institutions.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Uniform Project Description .....	4,418	1	4	17,672

Estimated Total Annual Burden Hours: 17,672.

Additional Information: Copies of the proposed collection may be obtained by writing to The Administration for Children and Families, Office of Information Services, Division of Information Resource Management Services, 370 L'Enfant Promenade, S.W., Washington, D.C. 20447, Attn: ACF Reports Clearance Officer.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the Federal Register. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written

comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, 725 17th Street, N.W., Washington, D.C. 20503, Attn: Ms. Wendy Taylor.

Dated: August 13, 1997.
