

concluded that environmental impacts that would be created by such actions would not be significant and do not warrant the preparation of an Environmental Impact Statement. Because ProTechnics' request is within the bounds of that EA, it has been determined that a Finding of No Significant Impact is appropriate.

The generic EA is made available as NUREG/CR-3467. Copies of NUREG/CR-3467 may be purchased from the Superintendent of Documents, U.S. Government Printing Office, P.O. Box 37082, Washington, DC 20402-9328. Copies are also available from the National Technical Information Service, 5285 Port Royal Road, Springfield, VA 22161. A copy and ProTechnics' submittal are also available for inspection and copying for a fee in the NRC Public Document Room, 2120 L Street, NW. (Lower Level), Washington, DC 20555-0001.

#### Opportunity for a Hearing

Any person whose interest may be affected by the approval of this action may file a request for a hearing. Any request for hearing must be filed with the Office of the Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555, within 30 days of the publication of this notice in the **Federal Register**; be served on the NRC staff (Executive Director for Operations, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852), and on the licensee (ProTechnics International, Inc., 1160 Dairy Ashford, Suite 444, Houston, TX 77079); and must comply with the requirements for requesting a hearing set forth in the Commission's regulations, 10 CFR Part 2, Subpart L, "Information Hearing Procedures for Adjudications in Materials Licensing Proceedings."

These requirements, which the request must address in detail, are:

1. The interest of the requestor in the proceeding;
2. How that interest may be affected by the results of the proceeding (including the reasons why the requestor should be permitted a hearing);
3. The requestor's areas of concern about the licensing activity that is the subject matter of the proceeding; and
4. The circumstances establishing that the request for hearing is timely—that is, filed within 30 days of the date of this notice.

In addressing how the requestor's interest may be affected by the proceeding, the request should describe the nature of the requestor's right under the Atomic Energy Act of 1954, as amended, to be made a party to the

proceeding; the nature and extent of the requestor's property, financial, or other (i.e., health, safety) interest in the proceeding; and the possible effect of any order that may be entered in the proceeding upon the requestor's interest.

### NUCLEAR REGULATORY COMMISSION

[Docket No. 50-483]

#### Callaway Plant; Intent to Relocate Local Public Document Room

Notice is hereby given that the Nuclear Regulatory Commission (NRC) will be relocating the local public document room (LPDR) for records pertaining to Union Electric Company's Callaway Plant, Unit 1. The Callaway LPDR is currently located at the Callaway County Public Library, 710 Court Street, Fulton, Missouri. Library staff recently informed the NRC that they are no longer able to maintain the document collection and request that it be moved. This notice invites public comment on possible LPDR locations in the Callaway County, Missouri, area.

Among the factors the NRC will consider in selecting a new location for the LPDR are the following:

- (1) Whether the institution is an established document repository located near the nuclear facility with a history of impartially serving the public;
- (2) The physical facilities available, including shelf space, storage space, patron workspace, copying equipment and computer access;
- (3) The willingness and ability of the library staff to maintain the LPDR collection and assist the public in locating records;
- (4) The nature and extent of related research resources, such as government documents;
- (5) The public accessibility of the library, including handicap accessibility, parking, ground transportation, and hours of operation, particularly evening and weekend hours;

(6) The proximity of the library to existing user groups of the collection, if known.

Comment period expires September 19, 1997. Comments received after this date will be considered if it is practical to do so, but assurance of consideration cannot be given except as to comments filed on or before this date.

Written comments may be submitted to Mr. David Meyer, Chief, Regulatory Publications Branch, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, DC 20555. Copies of comments received may be examined at the NRC Public Document Room, Gelman Building, 2120 L Street NW, Washington, DC.

Questions concerning the NRC's LPDR Program should be addressed to Ms. Jona L. Souder, LPDR Program Manager, Freedom of Information/Local Public Document Room Branch, Office of Information Resources Management, U. S. Nuclear Regulatory Commission, Washington, DC 20555, telephone number 301-415-7170, or toll-free 1-800-638-8081.

Dated at Rockville, Maryland, this 13th day of August, 1997.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-38926; File No. SR-NASD-97-55]

### Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by National Association of Securities Dealers, Inc. Relating to Computer-to-Computer Interface Circuit Fees for NASD Members

August 12, 1997.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on July 28, 1997, the Nasdaq Stock Market, Inc. ("Nasdaq") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by Nasdaq. Nasdaq has designated this proposal as one

establishing or changing of a due, fee or other charge under Section 19(b)(3)(A)(ii) of the Act and subparagraph (e) of Rule 19b-4 thereunder, which renders the rule effective upon the Commission's receipt of this filing. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Nasdaq is proposing to amend Rule 7010 of the National Association of Securities Dealers, Inc. ("NASD" or "Association"), to charge Computer-to-Computer Interface ("CTCI") subscribers that are NASD members a circuit fee of \$200 per month for each circuit. Below is the text of the proposed rule change. Proposed new language is in italics.

##### 7010. System Services

(a)-(g) No Change

(h) Nasdaq Workstation™ Service

(1) No Change

(2) No Change

(3) *The following charges shall apply for each CTCI subscriber:*

*Service Charge      \$200/month per CTCI circuit*

#### II. Self-Regulatory Organization's Statement Of The Purpose of And Statutory Basis For, The Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed rule Change

The purpose of the proposed rule change is to charge CTCI subscribers that are NASD members a circuit fee of \$200 per month for each circuit. Firms employ CTCI between their in-house computer systems and Nasdaq for a variety of functions, the most prevalent being order entry into the Small Order Execution System ("SOES") and the reporting of transactions into the Automated Confirmation Transaction Service ("ACT"). Nasdaq currently supports a total of 449 circuits.

The CTCI network is presently managed by MCI Communications

Corp., which is responsible for customer services including installation, relocation and trouble shooting. Subscribers pay a monthly fee to MCI for each circuit in use. Nasdaq does not currently charge CTCI subscribers beyond the fees associated with the transaction services supported by the CTCI network.

The new fee structure is necessary due to adjustments and enhancements that Nasdaq has already made to support capacity for trading days of 1 billion shares currently, 1.5 billion shares by the end of 1997, and 2 billion shares in 1998. As the number of CTCI circuits grows, the potential to exceed capacity limits in the CTCI supported services, notably ACT and SOES, likewise increases. As a consequence, additional infrastructure enhancements will be required to maintain the level of support required to run these services at an acceptable level of performance. In addition to future systems enhancements, Nasdaq continues to incur costs for the support of CTCI circuits and subscribers. These costs include hardware and software enhancements and upgrades for the communications interfaces with Nasdaq systems, support of the subscriber database, customer telephone support and Nasdaq staff planning and provisioning for CTCI. A recent activity-based costing analysis indicated that these costs total approximately \$1.1 million annually, which Nasdaq seeks to recover through this fee.

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 15A(b)(5) of the Act,<sup>3</sup> which requires that the rules of the NASD provide for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which the NASD operates or controls.

##### B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

##### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.
