### National Institute of Standards and Technology

#### Manufacturing Extension Partnership National Advisory Board

**AGENCY:** National Institute of Standards and Technology Department of Commerce.

**ACTION:** Notice of open meeting.

**SUMMARY:** Pursuant to the Federal Advisory Committee Act, 5 U.S.C. app. 2, notice is hereby given that the Manufacturing Extension Partnership (MEP) National Advisory Board, National Institute of Standards and Technology (NIST), will meet to hold its first meeting on Friday, September 26, 1997. The Manufacturing Extension Partnership National Advisory Board is composed of 9 members appointed by the Director of NIST who were selected for their expertise in the area of industrial extension and their work on behalf of smaller manufacturers. The Board was set up under the direction of the Director of the National Institute of Standards and Technology to fill a need for outside input and advice for MEP, a unique program consisting of centers in all 50 states and Puerto Rico which are created by a state, federal and local partnership. The Board will work closely with the Manufacturing Extension Partnership to provide input and advice on MEP's programs, plans and policies. The purpose of this initial meeting is to provide an overview of the Manufacturing Extension Partnership,

discuss the role the Board will fill and set the framework for future meetings of the Board. On September 26, 1997, the agenda for this first meeting of the Board will include an overview of MEP to include manufacturing extension centers' current activities, impacts of services provided and future goals of centers.

**DATES:** The meeting will convene on September 26, 1997 at 9:00 am and will adjourn at 3:00 pm.

**ADDRESSES:** The meeting will be held in Building 301, Room C-145 (seating capacity 45, includes 15 participants), at NIST, Gaithersburg, Maryland.

**SUPPLEMENTARY INFORMATION:** MEP services to smaller manufacturers address the needs of the national market as well as the unique needs of each company. Since MEP is committed to providing this type of individualized service through its centers, the program requires the perspective of locally-based experts to be incorporated into its national plans. The MEP National Advisory Board was set up at the direction of the Director of the National Institute of Standards and Technology to maintain MEP's focus on local and market based needs. The NEP National Advisory Board was approved on October 24, 1996, in accordance with the Federal Advisory Committee Act, 5 U.S.C. app.2., to provide advice on MEP programs, plans, and policies; assess soundness of MEP plans and strategies; assess current performance against MEP program plans, and function in an advisory capacity. The Board will meet three times a year and reports to the Director of NIST. This will be the first meeting of the members.
