Summary of Public Notice

1. In the Report and Order in PR Docket No. 92-235, the Commission concluded that the Private Land Mobile Radio (PLMR) Services will be consolidated. (60 FR 37152, July 19, 1995). The Commission, however, deferred a final decision as to how the services would be consolidated in an effort to provide the PLMR community with an opportunity to negotiate and submit a consensus consolidation proposal to the Commission. While the Commission received numerous comments on the consolidation issue, no consensus plan was submitted.

2. The Industrial Telecommunications Association, Inc. ("ITA") recently filed a "proposed technical blueprint for frequency use limitations in the post-refarming environment." The blueprint contains a consolidated Frequency Table and associated limitations. ITA notes that in developing this blueprint it made certain assumptions regarding consolidation of the PLMR Services. Further, it states that it offers this blueprint in the hope of advancing the refarming effort and expediting the realization of the long-awaited benefits of this proceeding.

3. Interested parties may file comments concerning ITA's consolidation blueprint on or before February 7, 1997. Reply comments are due on or before February 12, 1997. SUPPLEMENTARY INFORMATION:

Background

On July 13, 1994, the Service published a proposed rule (59 FR 35674) to extend endangered status to the jaguar in the United States portion of its former range. The jaguar is already listed as endangered from the Mexican border southward throughout its entire range.

By letter dated January 15, 1997, the State of Arizona requested that the Service reopen the comment period on the proposed listing of the jaguar to solicit public comments on a draft jaguar conservation strategy. The State asked the Service to consider a finalized conservation strategy in its analysis of threats faced by the species prior to finalizing the listing decision. The Service believes that the conservation strategy constitutes significant new information that should be considered in making a final listing determination.
