Science Advisory Board Notification of Public Advisory Committee Meeting: September 1997

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the Integrated Risk Project (IRP) Steering Committee, an *ad hoc* committee established by the Executive Committee of the Science Advisory Board, will meet on September 24-26, 1997 at the Quality Hotel, 1200 North Courthouse Road, Arlington, VA, telephone (703) 524-4000. The meeting will begin at 8:30 a.m. on September 24, and end no later than 5:30 p.m. each day. Seating will be limited and available on a first-come, first-served basis. The purpose of the meeting is to review and revise the second draft of a report being developed as part of the Integrated Risk Project, describing an integrated model for decision-making that incorporates information on risks to ecosystems and humans, risk reduction options, and their economic and societal implications.

Background on the Integrated Risk Project (IRP)

In a letter dated October 25, 1995, to Dr. Matanoski, Chair of the SAB Executive Committee, Deputy Administrator Fred Hansen charged the SAB to: a) develop an updated ranking of the relative risk of different environmental problems based upon explicit scientific criteria; b) provide an assessment of techniques and criteria that could be used to discriminate among emerging environmental risks and identify those that merit serious, near-term Agency attention; c) assess the potential for risk reduction and propose alternative technical risk reduction strategies for the environmental problems identified; and d) identify the uncertainties and data quality issues associated with the relative rankings. The project is being conducted by several SAB panels, working at the direction of an *ad hoc* Steering Committee established by the Executive Committee.

Single copies of Reducing Risk, the report of the previous relative risk ranking effort of the SAB, can be obtained by contacting the SAB's Committee Evaluation and Support Staff (1400), 401 M Street, SW, Washington, DC 20460, telephone (202) 260-8414, or fax (202) 260-1889. Members of the public desiring additional information about the meeting, including an agenda, should contact Ms. Wanda Fields, Staff Secretary, Committee Operations Staff, Science Advisory Board (1400), US EPA, 401 M Street, SW, Washington DC 20460, by telephone at (202) 260-8414, fax at (202) 260-7118, or via the Internet at: Fields.Wanda@epamail.epa.gov.

Anyone wishing to make a brief oral presentation at the IRP meeting must contact Mr. Thomas O. Miller, Designated Federal Official, no later than 4:00 pm on September 16, 1997, at fax: (202) 260-7118 or via the Internet at miller.tom@epamail.epa.gov. The request should identify the name of the individual who will make the presentation and an outline of the issues to be addressed. At least 35 copies of any written comments to the Committee are to be given to Mr. Miller no later than the time of the presentation for distribution to the Committee and the interested public. For further information, you may also reach Mr. Miller by phone on (202) 260-5886. See below for additional information on providing comments to the SAB.

Providing Oral or Written Comments at SAB Meetings

The Science Advisory Board expects that public statements presented at its

meetings will not be repetitive of previously submitted oral or written statements. In general, each individual or group making an oral presentation will be limited to a total time of ten minutes. For conference call meetings, opportunities for oral comment will be limited to no more than five minutes per speaker and no more than fifteen minutes total. Written comments (at least 35 copies) received in the SAB Staff Office sufficiently prior to a meeting date, may be mailed to the relevant SAB committee or subcommittee prior to its meeting; comments received too close to the meeting date will normally be provided to the committee at its meeting. Written comments may be provided to the relevant committee or subcommittee up until the time of the meeting.

Dated: August 28, 1997.

Staff Director, Science Advisory Board.
