[Docket No. RP97-503-000]

Wyoming Interstate Company; Notice of Tariff Filing

September 3, 1997.

Take notice that on August 29, 1997, Wyoming Interstate Company (WIC), tendered for filing to become part of its FERC Gas Tariff, First Revised Volume No. 1 and Second Revised Volume No. 2 tariff, the tariff sheets listed in Appendix A to the filing, to be effective October 1, 1997.

WIC states as a result of implementing a posted fuel percentage retention for quantities received a WIC's transmission system coupled with the current tariff requirement of billing on receipt quantities, shippers can be billed overrun charges on the FL&U percentage. This can occur if the shippers nominate to deliver their full contract entitlement at the delivery point(s). Therefore WIC is proposing to modify its tariff to base entitlements and invoice shippers based on Point of Delivery Quantities. This will simplify the administration of WIC's firm contracts and will make WIC's tariff

consistent with the tariff of Colorado Interstate Gas Company which acts as operator of WIC.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NW., Washington, DC 20426, in accordance with Section 385.214 and Section 385.211 of the Commission's Regulations.
