[Docket No. 97-058 N]

FSIS Recall Public Meeting

AGENCY: Food Safety and Inspection Service.

ACTION: Notice.

SUMMARY: The Food Safety and Inspection Service (FSIS) is holding a public meeting on September 24, 1997. The purpose of the meeting is to discuss with all interested parties Agency policy on recalls of meat, poultry, and egg products, including public notification procedures. Discussions will focus on whether there is a need to change specific aspects of the current policy for handling recalls voluntarily, and on the public health benefits of expanding the Agency's current statutory authorities. FSIS also is interested in receiving suggestions and comments from the public.

DATES: The meeting will be held from 8:30 a.m. to 4:30 p.m. on September 24, 1997.

ADDRESSES: The one-day meeting will be held at the Holiday Inn Rosslyn

Westpark Hotel, 1900 North Fort Myer Drive, Arlington, VA 22209.

FOR FURTHER INFORMATION CONTACT: To register for the meeting, please contact Ms. Traci Phebus at (202) 501-7138, or FAX (202) 501-7642. Persons interested in presenting a proposed suggestion are requested to contact Ms. Phebus. Presenters are asked to submit one original and two copies of written comments to: FSIS Docket Clerk, Docket No. 97-058N, Room 102 Cotton Annex Building, 300 12th Street, SW, Washington, DC 20250-3700. Participants who require a sign language interpreter or other special accommodations should contact Ms. Phebus at the above telephone or FAX numbers.

SUPPLEMENTARY INFORMATION: To ensure public health protection throughout the food production and distribution system, FSIS and the States oversee production and distribution of meat, poultry, and egg products not only during processing in officially inspected establishments, but also in distribution channels after the products leave the inspected establishments. When meat, poultry, or egg products in commerce are found to be a health risk to consumers, FSIS asks the firm to coordinate a recall of the products, and the Agency provides appropriate public notification. FSIS verifies the effectiveness of voluntary recalls and ensures that corrective actions are subsequently taken so firms distribute products meeting food safety and other regulatory requirements. If a firm does not agree to initiate a recall, FSIS has authority to detain and seize the product. However, it could take considerable time and effort to determine the distribution channels through which the product has moved and then locate such product. In view of a recent recall of a meat product, FSIS is convening this public forum to solicit public comment and discussion on the Agency's policy.

Directive 8080.1, Revision 2, dated November 3, 1992, details current FSIS practices and procedures for recalls. A limited number of copies will be available at the meeting. Transcripts of the meeting will be available in the FSIS Docket Room.

Done in Washington, DC, on: September 10, 1997.

Thomas J. Billy,
Administrator.

Submission For OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: Bureau of the Census.

Title: Service Annual Survey.

Form Number(s): B-500T, B-500T1, B-500T2, B-500T3, B-500T4, B-500T5, B-500T6, B-500M, B-500M1, B-500M2, B-500M3, B-500IT, B-500IM, B-900-L1, B-900-L2, B-900-L3, B-900-L4.

Agency Approval Number: 0607-0422.

Type of Request: Revision of a currently approved collection.

Burden: 13,200 hours.

Number of Respondents: 33,000.

Avg. Hours Per Response: 24 minutes (over all forms).

Needs and Uses: The Service Annual Survey (SAS) provides dollar volume estimates of the total output of personal, business, amusement, social, health, and other professional services in the

United States. The Bureau of Economic Analysis (BEA), the primary Federal user, uses the information in developing the national income and product accounts, compiling benchmark and annual input-output tables, and computing gross domestic product by industry. The Bureau of Labor Statistics (BLS) uses the data as input to its Producer Price Indexes and in developing productivity measurements. Other government agencies such as the Health Care Financing Administration (HCFA) use the data for program, planning, and development. The Census Bureau uses these data to provide new insight into changing structural and cost conditions that will directly impact the planning and design of future economic census questionnaires. Private industry uses the data in planning and as a tool for marketing analysis.

Data are collected from all of the largest firms and from a sample of small- and medium-sized businesses, selected using a stratified random sampling procedure. The SAS sample is reselected periodically, generally at 5-year intervals. The largest firms continue to be canvassed when the sample is re-drawn, while nearly all of the small- and medium-sized firms from the old sample are replaced.

In this request, the burden hours are increasing due to the implementation of a new sample drawn for the 1996 survey. We have also expanded coverage to include School and Educational Services (SIC 8299), not elsewhere classified.

Affected Public: Businesses or other for-profit organizations, Not-for-profit institutions.

Frequency: Annually.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 U.S.C., Sections 182, 224, and 225.

OMB Desk Officer: Jerry Coffey, (202) 395-7314.

Copies of the above information collection proposal can be obtained by calling or writing Linda Engelmeier, DOC Forms Clearance Officer, (202) 482-3272, Department of Commerce, room 5327, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Jerry Coffey, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: September 8, 1997.

Submission For OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: Bureau of the Census.

Title: Single Audit Questionnaire.

Form Number(s): SAC-1.

Agency Approval Number: 0607-0518.

Type of Request: Revision of a currently approved collection.

Burden: 4,166 hours.

Number of Respondents: 12,500.

Avg Hours Per Response: 20 minutes.

Needs and Uses: The Single Audit Act Amendments of 1996 and OMB Circular A-133 require state and local governments and non-profit organizations expending \$300,000 or more in Federal financial aid to have an annual audit of their financial operations. OMB has designated the Census Bureau as the Federal Audit Clearinghouse for these audits. We use the Single Audit Questionnaire to contact those entities that have not sent in their audit reports to request that they forward the report or clarify their reporting status.

Under the Single Audit Act Amendments of 1996 and OMB Circular A-133, both state and local governments and non-profit institutions are subject to the same requirements. Therefore, it is no longer necessary to maintain two separate forms. We are dropping the SAC-2, previously sent only to non-profit institutions, and are revising upward our estimate of the time necessary to complete form SAC-1 based on the expanded usage of the form.

Under the higher \$300,000 reporting threshold imposed by the Single Audit Act Amendments of 1996, fewer entities will be required to submit Single Audits, thus the estimated number of respondents has decreased since OMB last approved this collection.

Periodically, we update information for the Federal Inspector General's offices on governmental and non-profit audits which have been completed or are delinquent. A report listing
