Site-Specific Flexibility Requests for Municipal Solid Waste Landfills in Indian Country

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) is announcing the availability of and simultaneously requesting comment on the draft guidance document "Site-Specific Flexibility Requests for Municipal Solid Waste landfills in Indian Country". This draft guidance provides owners and operators of municipal solid waste

landfills (MSWLFs) in Indian Country with options for meeting the EPA regulations found in 40 CFR part 258 which establish federal requirements for MSWLFs. States with EPA approved permit programs have the authority to allow MSWLF owners and operators to use flexible approaches to meet the MSWLF performance requirements, provided these alternative approaches protect human health and the environment. The process described in this draft guidance document provides that identical opportunity to owners and operators in Indian Country.

This guidance is intended to assist owners and operators of MSWLFs in Indian Country to develop and submit site-specific requests for flexibility in meeting 40 CFR part 258 criteria. Site-specific flexibility can allow owners and operators in Indian Country cost-effective methods of complying with federal performance standards while ensuring that human health and the environment are protected. The proposed site specific rulemaking process ensures protection of human health and the environment while decreasing regulatory burden to tribal governments and owners and operators of MSWLFs in Indian Country.

The primary audiences for the draft guidance are tribal governments and owners and operators of MSWLFs in Indian Country. This guidance is available for immediate use, and simultaneously open for comments.

DATES: EPA will accept comments on "Site-Specific Flexibility Requests for

Municipal Solid Waste Landfills in Indian Country" until November 30, 1997.

ADDRESSES: Commenters must send an original and two copies of their comments referencing docket number F-97-SSSA-FFFFF to: RCRA Docket Information Center, Office of Solid Waste (5305G), U.S. Environmental Protection Agency Headquarters (EPA, HQ), 401 M Street, SW, Washington, DC 20460. Hand deliveries of comments should be made to the Arlington, VA, address listed below. Comments may also be submitted electronically by sending electronic mail through the Internet to rcra-docket@epamail.epa.gov. Comments in electronic format should also be identified by the docket number F-97-SSSA-FFFFF. All electronic comments must be submitted in an ASCII file avoiding the use of special characters and any form of encryption.

Commenters should not submit electronically any confidential business information (CBI). An original and two copies of CBI must be submitted under separate cover to: RCRA CBI Document Control Officer, Office of Solid Waste (5305W), U.S. EPA, 401 M Street, SW, Washington, DC 20460.

Public comments and supporting materials are available for viewing in the RCRA Information Center (RIC), located at Crystal Gateway I, First Floor, 1235 Jefferson Davis Highway, Arlington, VA. The RIC is open from 9 a.m. to 4 p.m., Monday through Friday, excluding federal holidays. To review

docket materials, the Agency recommends that the public make an appointment by calling (703) 603-9230. The public may copy a maximum of 100 pages from any regulatory docket at no charge. Additional copies cost \$0.15/page. For information on accession paper and/or electronic copies of the document, see the "Supplementary Information" section.

The official record for this action will be kept in paper form. Accordingly, EPA will transfer all comments received electronically into paper form and place them in the official record, which will also include all comments submitted directly in writing. The official record is the paper record maintained at the address in "Addresses" section above.

EPA responses to comments, whether the comments are written or electronic, will be contained in a notice in the Federal Register or in a response to comments document placed in the official record for this Notice of Document Availability. EPA will not immediately reply to commenters electronically other than to seek clarification of electronic comments that may be garbled in transmission or during conversion to paper form, as discussed above.

EPA has authority under the Resource Conservation and Recovery Act (RCRA)

sections 2002, 4004, and 4010 to promulgate site-specific rules as outlined in this draft guidance document. The steps outlined in this guidance document for promulgating site-specific rules are meant to satisfy the notice and opportunity for comment requirements of the Administrative Procedures Act, 5 U.S.C. 551.

Dated: September 4, 1997.

EXECUTIVE OFFICE OF THE PRESIDENT

Office of National Drug Control Policy

Designation of High Intensity Drug Trafficking Areas

AGENCY: Office of National Drug Control Policy, Executive Office of the President.

ACTION: Notice.

SUMMARY: This notice lists two (2) counties in New Mexico designated by the Director of National Drug Control Policy, as additions to the Southwest Border High Intensity Drug Trafficking Area (HIDTA). The Southwest Border HIDTA in New Mexico currently consists of Bernalillo, Hidalgo, Grant, Luna, Dona Ana, Eddy, Lea, and Otero Counties. The additional counties in New Mexico are Chaves and Lincoln. HIDTAs are domestic regions identified as having the most critical drug trafficking problems that adversely affect the United States. These new counties are designated pursuant to 21 U.S.C. 1504(c), as amended, to promote more effective coordination of drug control efforts. This action will support local, New Mexico, and Federal law enforcement officers in assessing regional drug threats, designing strategies to combat the threats, developing initiatives to implement the strategies, and evaluation of the effectiveness of these coordinated efforts.

FOR FURTHER INFORMATION CONTACT:

Comments and questions regarding this notice should be directed to Mr. Richard Y. Yamamoto, Director, HIDTA, Office of National Drug Control Policy, Executive Office of the President, Washington, D.C. 20503; 202-395-6755.

SUPPLEMENTARY INFORMATION: In 1990, the Director of ONDCP designated the first five HIDTAs. These original HIDTAs, areas through which most illegal drugs enter the United States, are the Southwest Border, Houston, Los Angeles, New York/New Jersey, and South Florida. In 1994, the Director designated the Washington/Baltimore HIDTA to address the extensive drug distribution networks serving hardcore drug users. Also in 1994, the Director designated Puerto Rico/U.S. Virgin Islands as a HIDTA based on the significant amount of drugs entering the United States through this region. In 1995, the Director designated three more HIDTAs in Atlanta, Chicago, and Philadelphia/Camden to target drug abuse and drug trafficking in those areas.
