[Docket No. TM98-1-37-001]

Northwest Pipeline Corporation; Notice of Proposed Changes in FERC Gas Tariff

September 11, 1997.

Take notice that on September 8, 1997, Northwest Pipeline Corporation (Northwest) tendered for filing as part of its FERC Gas Tariff the following tariff sheets, to become effective October 1, 1997:

Third Revised Volume No. 1

Substitute Twelfth Revised Sheet No. 5

Original Volume No. 2

Substitute Twenty-Second Revised Sheet No. 2.2

Northwest states that the purpose of this filing is to update Northwest's tariff to reflect the Annual Charge Adjustment (ACA) factor to be effective for the twelve-month period beginning October 1, 1997. Northwest states that its new ACA factor will be 0.22¢ per Dth, an increase of 0.02¢ per Dth from its current ACA factor.

Northwest states that on August 18, 1997 it submitted a tariff filing in Docket No. TM98-1-37-000 to reflect a 0.21¢ per Dth ACA factor to be effective for the twelve-month period beginning October 1, 1997. The 0.21¢ per Dth factor was based on the Commission's August 1, 1997 Statement of Annual Charges. However, on August 20, 1997, the Commission issued a correction of the ACA unit charge from 0.21¢ per Dth to 0.22¢ per Dth. Accordingly, Northwest states that it is requesting to withdraw its August 18, 1997 filing and is submitting the instant filing to reflect the revised ACA factor.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public

inspection in the Public Reference Room.
