[Docket No. CP97-729-000]

Eastern Shore Natural Gas Company;  
Notice of Application

September 12, 1997.

Take notice that on September 8, 1997, pursuant to Section 7(c) and Section 7(b) of the Natural Gas Act (NGA), Eastern Shore Natural Gas Company (Eastern Shore), P.O. Box 1769, Dover, Delaware 19903-1769, filed an application for a certificate of public convenience and necessity authorizing: (1) the construction and operation of 2.3 miles of 10-inch pipeline, (2) the abandonment of 2.3 miles of existing 6-inch pipeline, (3) the construction and operation of .2 miles of 16-inch pipeline, and (4) the abandonment of .2 miles of existing 10-inch pipeline, all in connection with a highway realignment project required by the State of Delaware Department of Transportation (DelDOT), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Eastern Shore states that the proposed pipeline segments, to be located in New Castle County, Delaware, would replace existing pipeline that must be relocated due to DelDOT highway construction. Eastern Shore notes that the construction of the proposed facilities is planned to be started between Winter 1997 and Spring 1998. Eastern Shore estimates that the incremental additional cost of upsizing the pipeline segment will be \$177,668 and estimates the total project cost to be \$903,851. Eastern Shore contends that it will finance this amount initially from internally generated funds and short-term notes and that permanent financing will be arranged after construction has been completed. Eastern Shore requests a preliminary determination that the total cost of these facilities be rolled in to its total system costs for rate purposes.

Any person desiring to be heard or to make any protest with reference to said application should on or before October 3, 1997, file with the Federal Energy Regulatory Commission, 888 First St., N.E., Washington, D.C. 20426, a motion

to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules and Regulations, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Eastern Shore to appear or be represented at the hearing.
