Great River Gas Company; Notice of Application To Amend Service Area Determination

September 12, 1997.

Take notice that on September 4, 1997, Great River Gas Company (Great River) filed an application to amend the authorization it received in Docket No. CP80-556-000 when it was granted a service area determination. Great River wants to amend its Section 7(f) service area determination by substituting the name of Atmos Energy Corporation (Atmos), in place of Great River, as the holder of the determination.

Great River explains that its Section 7(f) service area determination covers its operations as a public utility engaged in the sale, storage, and distribution of natural gas to customers in two contiguous, but unconnected, service areas in Iowa and Missouri. The determination order authorized Great River to construct a two-mile, 6-inch

pipeline interconnecting its separate facilities in Iowa and Missouri.

Great River states that on March 10, 1989, United Cities Gas Company (United Cities) acquired all the stock of Great River and assumed Great River's status in all FERC proceedings. Great River asserts that since 1989, its properties have been operated as part of a division of United Cities.

Great River relates that on July 31, 1997, United Cities and Atmos merged, and that the merged company bears the name Atmos Energy Corporation. Therefore, Great River would like its Section 7(f) service area determination amended to reflect the name of Atmos as the holder of the determination.

Any person desiring to be heard or to make any protest with reference to said application should on or before September 25, 1997, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 and 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party in any proceeding herein must file a motion to intervene in accordance with the Commission's rules. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
