SUPPLEMENTARY INFORMATION:

Title: Pseudorabies.

OMB Number: 0579-0070.

Expiration Date of Approval: April 30, 1998.

Type of Request: Extension of approval of an information collection.

Abstract: The Animal and Plant Health Inspection Service (APHIS) of

the U.S. Department of Agriculture is responsible for preventing the spread of contagious, infectious, or communicable animal diseases from one State to another, and for eradicating such diseases from the United States when feasible.

In connection with this mission, APHIS regulates the interstate movement of swine in order to carefully control the movement of swine that are infected with or exposed to pseudorabies. The most common method of pseudorabies transmission is the movement of infected swine from one herd to another.

Regulating the interstate movement of these animals requires the use of certain information gathering activities, including the completion of documents attesting to the health status of the swine being moved, the number of swine being moved in a particular shipment, the shipment's point of origin, and the shipment's destination.

With this information we are able to carefully monitor the location of infected or exposed animals and prevent them from coming into contact with healthy animals.

These documents also provide useful "traceback" information in the event an infected animal is discovered and an investigation must be launched to determine where the animal originated, as well as the number and location of other animals with which it may have had contact during its interstate movement.

The information provided by these documents is critical to our ability to prevent the interstate spread of pseudorabies, and therefore plays a vital role in our Pseudorabies Eradication Program.

We are asking the Office of Management and Budget (OMB) to approve the continued use of this information collection activity.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. We need this outside input to help us:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, e.g., permitting electronic submission of responses.

Estimate of burden: Public reporting burden for this collection of information is estimated to average .0208 hours per response.

Respondents: U.S. producers, shippers, State animal protection authorities.

Estimated number of respondents: 30,050.

Estimated number of responses per respondent: 2.6689.

Estimated annual number of responses: 80,200.

Estimated total annual burden on respondents: 1,668 hours.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 18th day of September 1997.

Craig A. Reed,

Acting Administrator, Animal and Plant Health Inspection Service.

COMMISSION ON CIVIL RIGHTS**Privacy Act of 1974; System of Records**

AGENCY: Commission on Civil Rights.

ACTION: Amendment of system of records to include new routine uses.

SUMMARY: In accordance with the Privacy Act (5 U.S.C. 552a(e)(11)), the U.S. Commission on Civil Rights (USCCR) is issuing notice of our intent to amend the system of records entitled the Personnel Records—CRC-007 to include new routine uses. We invite public comment on this publication.

DATES: The changes will become effective as proposed, on October 1, 1997, unless comments which would warrant our preventing the changes from taking effect are received on or before 30 days from the date of this notice.

ADDRESSES: Interested individuals may comment on this publication by writing to Myrna Hernandez—U.S. Commission on Civil Rights—624 9th Street NW., Suite 510, Washington, DC 20425. All comments received will be available for public inspection at that address.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION:

I. Discussion of Proposed Changes to Routine Use

Pursuant to the Pub. L. 104-193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, the U.S. Commission on Civil Rights will disclose data from its USDA Payroll Personnel System-National Finance Center to the Office of Child Support Enforcement, Administration for Children and Families, Department of Health and Human Services for use in its Federal Parent Locator System (FPLS) and Federal Tax Offset System, DHHS/OCSE No. 09-90-0074. Information on this system was last published at 61 FR 38754, July 25, 1996.

FPLS is a computerized network through which States may request location information from Federal and State agencies to find non-custodial parents and/or their employers for purposes of establishing paternity and securing support.

Effective October 1, 1997, the FPLS will be enlarged to include the National Directory of New Hires, a database containing information on employees commencing employment, quarterly wage data on private and public sector employees, and information on unemployment compensation benefits. Effective October 1, 1998, the FPLS will be expanded to include a Federal Case Registry. The Federal Case Registry will contain abstracts on all participants involved in child support enforcement cases. When the Federal Case Registry is instituted, its files will be matched on an ongoing basis against the files in the National Directory of New Hires to determine if an employee is a participant in a child support case anywhere in the country. If the FPLS identifies a person as being a participant in a State child support case, that State will be notified of the participant's current employer. State requests to the FPLS for location information will also continue to be processed after October 1, 1998.

The data to be disclosed by the U.S. Commission on Civil Rights to the FPLS include: name, address, social security number and name and address of the agency.

In addition, names and social security numbers submitted by the U.S. Commission on Civil Rights to the FPLS will be disclosed by the Office of Child Support Enforcement to the Social Security Administration for verification

to ensure that the social security number provided is correct.

The data disclosed by the U.S. Commission on Civil Rights to the FPLS will also be disclosed by the Office of Child Support Enforcement to the Secretary of the Treasury for use in verifying claims for the advance payment of the earned income tax credit or to verify a claim of employment on a tax return.

II. Compatibility of Proposed Routine Uses

We are proposing these routine uses in accordance with the Privacy Act (5 U.S.C. 552a(b)(3)). The Privacy Act permits the disclosure of information about individuals without their consent for a routine use where the information will be used for a purpose which is compatible with the purpose for which the information was originally collected. The Office of Management and Budget has indicated that a "compatible" use is a use which is necessary and proper. See OMB Guidelines, 51 FR 18982, 18985 (1986). Since the proposed uses of the data are required by Pub. L. 104-193, they are clearly necessary and proper uses, and therefore "compatible" uses which meet Privacy Act requirements.

III. Effect of the Proposed Changes on Individuals

We will disclose information under the proposed routine uses only as required by Pub. L. 104-193 and as permitted by the Privacy Act.

Accordingly, the Personnel Records system notice originally published at FR vol. 40, no. 171, September 3, 1975, is amended as set forth below.
