### Agricultural Marketing Service

[No. LS-97-007]

#### Beef Promotion and Research; Board and State Beef Council Addresses

**AGENCY:** Agricultural Marketing Service, USDA.

**ACTION:** Notice.

**SUMMARY:** This document updates the notice published in the **Federal Register** on Friday, April 15, 1994 (59 FR 18095). This Notice provides the addresses of the Cattlemen's Beef Promotion and Research Board (Board) and the current addresses of the 45 Qualified State Beef Councils (QSBCs) which are authorized under the Cattlemen's Beef Promotion and Research Order (Order) to receive assessments.

#### FOR FURTHER INFORMATION CONTACT:

Ralph L. Tapp, Chief, Marketing Programs Branch, 202/720-1115.

**SUPPLEMENTARY INFORMATION:** Pursuant to the Beef Promotion and Research Act of 1985 (Act) (7 U.S.C. 2901 *et seq.*), the Order was published in the July 18, 1986, **Federal Register** (51 FR 26132). Regulations implementing the Order were published in the October 1, 1986, issue of the **Federal Register** (51 FR 35196).

The Order and the Regulations provide that, beginning October 1, 1986, cattle sold in the United States are subject to an assessment of \$1 per head. Persons who collect assessments from producers under the Order and Regulations are required to remit those assessments to the QSBC in the State where they reside or to the Board if there is no QSBC located in their State. Imported cattle, beef, and beef products are also subject to equivalent assessments; these are paid through the U.S. Customs Service.

The Act required that a referendum be conducted by the Secretary within 22 months after the issuance of the Order to determine if the Order should be continued or suspended. Any person had the right to demand and receive from the Board a one-time refund on cattle sold during the period prior to the approval of the continuation of the order pursuant to the referendum. On May 10, 1988, the referendum was conducted and producers voted to continue the checkoff program. After the

passage of the referendum, refunds were no longer available.

This notice provides the current addresses of the Board and 45 QSBCs. Since the publication of the addresses in the **Federal Register** on April 15, 1994 (59 FR 18095), one additional State Beef Council, the New Jersey Beef Industry Council, has been certified by the Board. However, some of the addresses have changed. QSBCs have different addresses for different purposes. Accordingly, this notice includes two columns for such addresses; one for

inquires and general business and one for remitting assessments and accompanying reports. For inquires and general business, the address of the Board is: Cattlemen's Beef Promotion and Research Board; P.O. Box 3316; 5420 South Quebec Street (80111); Englewood, Colorado 80155. For remitting assessments and accompanying reports, the address of the Board is Cattlemen's Beef Promotion and Research Board; P.O. Box 17382; Denver, Colorado 80217-0382.

#### SUPPLEMENTARY INFORMATION:

**Title:** Domestic Quarantine Notices.  
**OMB Number:** 0579-0088.

**Type of Request:** Extension of an approval of an information collection.

**Abstract:** The United States Department of Agriculture is responsible for preventing the spread of plant diseases and pests within the United States. Implementing this mission often requires the use of domestic quarantines and regulations, which in turn require us to collect information from a variety of individuals who are involved in growing, packing, handling, and transporting plants, fruits, vegetables, roots, bulbs, seeds, and other plant products.

The information we collect is vital to helping us ensure that plant diseases and pests are not spread from infested areas to noninfested areas of the United States.

For example, we issue permits to authorize the interstate movement of regulated articles to specified destinations for processing, treatment, or utilization. The person wishing to move these articles, however, must first complete a permit application.

We consider the permit application extremely important, since this process helps us ensure that regulated articles are moved to a specified destination for appropriate handling. In this way, the
