DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act of 1995, Public Law 104-13.

Bureau: International Trade Administration.

Title: International Buyer Program: Application and Exhibitor Data.

Agency Form Number: ITA-4014P and ITA-4102P.

OMB Number: 0625-0151.

Type of Request: Regular Submission.

Burden: 919 hours.

Number of Respondents: 4,080.

Avg. Hours Per Response: 190 minutes for the application and 10 minutes for the exhibitor data.

Needs and Uses: The International Trade Administration's, International buyer Program (IBP), encourages international buyers to attend selected domestic trade shows in high export potential industries and to facilitate contact between US exhibitors and foreign visitors. The program has been successful having substantially increased the number of foreign visitors attending these selected shows as compared to the attendance when not supported by the program. The number of shows selected to the program increased from 10 in 1986 to 26 in 1997. Among the criteria used to select these shows are: export potential, international interest, scope of the show, stature of the show, exhibitor interest, overseas marketing, logistics, and cooperation of show organizers. Form ITA-4014P, "Exhibitor Data," is used to determine which U.S. firms are interested in meeting with international business visitors and the overseas business interests of the exhibitors. The exhibitor data form is completed by U.S. exhibitors participating in an IBP domestic trade show and is used to list the firm and its products in an Export Interest Directory which is distributed worldwide for use by Foreign Commercial Officers in recruiting delegations of international buyers to attend the show. The Form ITA-4102P, "Application," is used by a potential show organizer to provide (1) his/her

experience, (2) ability to meet the special conditions of the IBP, and (3) information about the domestic trade show such as the number of U.S. exhibitors and the percentage of net exhibit space occupied by U.S. companies vis-a-vis non-U.S. exhibitors.

Affected Public: Businesses or other for-profit.
