Foreign-Trade Zones Board

[Docket No. 73-97]

Foreign-Trade Zone 138—Columbus, Ohio, Application for Foreign-Trade Subzone Status, Lucent Technologies Inc. (Telecommunications Equipment), Columbus, OH

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Rickenbacker Port Authority, grantee of FTZ 138, requesting special-purpose subzone status for the manufacturing and distribution facility (telecommunications equipment) of Lucent Technologies Inc., located in Columbus, Ohio. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on September 29, 1997.

The Lucent facility (3 buildings/2 million square feet on 252 acres) are located at 6200 E. Broad Street in Columbus (Franklin County), Ohio. The facilities (5,000 employees) are used for the manufacture of telecommunications equipment, including wireless infrastructure products, and switching and networking equipment. A number of components are purchased from abroad (ranging, on average, from 10-30% of total material value) including amplifiers, printed circuit boards, semiconductors, integrated circuits, resistors, connectors, cable, housings for outlets, junctions and switches, wiring devices, and parts for telecommunications assemblies (1997 duty range: free-8.5%, most becoming duty-free by 2000). Some 35 percent of production is currently exported (expected to increase to 50 percent by 2000).

Zone procedures would exempt Lucent from Customs duty payments on foreign components used in export production. On its domestic sales, Lucent would be able to choose the lower duty rate that applies to the finished products (4.8%-8.5%, most becoming duty-free by 2000) for the foreign components noted above. The application indicates that the savings from zone procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is December 8, 1997. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to December 23, 1997. A copy of the application and the accompanying exhibits will be available for public inspection at each of the following locations.
