L. 104-13. Comments regarding this information collection are best assured of having their full effect if received within 30 days of this notification.

Type of Submission: Renew.

Purpose: The U.S. Agency for International Development (USAID) finances goods and related services under its Commodity Import Program which are contracted for by public and private entities in the countries receiving the USAID Assistance. Since USAID is not a party to these contracts, USAID needs some means to collect information directly from the suppliers of the goods and related services and to enable USAID to take an appropriate action against them in the event they do not comply with the applicable regulations. USAID does this by securing from the suppliers, as a condition for the disbursement of funds a certificate and agreement with USAID which contains appropriate representations by the suppliers.

Total Annual responses: 3,600.

Total annual hours requested: 1,800.

OMB Number: OMB 0412-0510.

Most of the information that USAID requests of its recipients is necessary to fulfill the requirement that USAID, as Federal Agency, ensure prudent management of public funds under all of its assistance instruments. The pre-award information is necessary to assure that funds are provided for programs that further the purposes of the FAA and that the recipients have the capability to manage the program administratively and financially. The administration (post-award) requirements are based on the need to assure that the program is functioning adequately, the funds are managed properly and that statutory
