**General Management Plan; Point Reyes National Seashore, California; Notice of Intent To Prepare an Environmental Impact Statement**

**SUMMARY:** The National Park Service will prepare a General Management Plan/Environmental Impact Statement (GMP/EIS) for Point Reyes National Seashore and initiate the scoping process for this document. This notice is in accordance with 40 CFR 1501.7 and 40 CFR 1508.22, of the regulations of the President's Council on Environmental Quality for the National Environmental Policy Act of 1969, Public Law 91-190.

**Background**

The purpose of the GMP/EIS will be to state the management philosophy for the Seashore and provide strategies for addressing major issues. Two types of strategies will be presented in the GMP: (1) Those required to manage and preserve cultural and natural resources; and (2) those required to provide for safe, accessible and appropriate use of those resources by visitors. Based on these strategies, the GMP will identify the programs, actions and support facilities needed for their implementation.

Persons wishing to comment or express concerns on the management issues and future management direction of Point Reyes National Seashore should address these to the Superintendent, Point Reyes National Seashore, Point Reyes, California 94956. Questions regarding the plan should be addressed to the superintendent either by mail to the above address, or by telephone at (415) 663-8522. Public scoping sessions to receive comments and suggestions will be conducted during the scoping period at the park and in the vicinity. The times and locations of these sessions will be announced in the local media.

The responsible official is John J. Reynolds, Regional Director, Pacific West Region, National Park Service. The draft GMP/EIS is expected to be available for public review in the spring of 1999, and the final GMP/EIS and Record of Decision completed early in 2000.

**Comprehensive Management Plan/ Environmental Impact Statement for the Vancouver National Historic Reserve, Washington**

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice of intent to prepare an environmental impact statement.

**SUMMARY:** The National Park Service, in cooperation with the City of Vancouver, Washington, U.S. Army, and the State of Washington, will prepare a comprehensive management plan and environmental impact statement (EIS) for the Vancouver National Historic Reserve in Vancouver, Washington.

The 366-acre Reserve, which includes Fort Vancouver National Historic Site, Vancouver Barracks, Officers Row, Pearson Field, the Water Resources Education Center, and portions of the Columbia River Waterfront, was established with the signing of Public Law 104-333 on November 12, 1996. The Reserve is to be administered in accordance with a comprehensive management plan to be developed by a partnership consisting of the U.S. Army, the National Park Service, the City of Vancouver, and the State of Washington Office of Historic Preservation.

The comprehensive management plan will take a long-range look at ways to protect the Reserve resources and opportunities for management and use, and will help determine management direction for the next 10 to 15 years. One of the primary components of the plan is interpretive planning. Interpretive planning identifies the primary interpretive themes, recommends appropriate interpretive services, facilities, and programs that will best communicate the Historic Reserve's purpose, significance, compelling stories, themes, and values. The plan will also define roles and responsibilities of the Reserve partners and provide estimates of management, development, and operating costs and staffing needs.

The legislation establishing the Reserve also directed that the Plan include an economic study for Pearson Field. The Partners will work to determine the scope of the study and to look at funding options in preparing the study as an attachment to the final plan.

**DATES:** A newsletter will be issued in October 1997, that will describe the planning process and schedule, and list the draft purpose, significance, and interpretive themes for the Reserve.

Public scoping meetings to discuss the planning process, solicit public input on the purpose, significance, and desired future conditions for the Reserve, and identify issues to be addressed in the EIS will be held on October 29, 1997, at 7:30 p.m. at the Doubletree Hotel at the Quay, 100 Columbia Street, Vancouver, Washington, and on October 30, 1997, at the Oregon Historical Society, Oregon History Center, 1200 S.W. Park Avenue, Portland, Oregon, at 12:00 noon.

**ADDRESSES:** As part of the scoping process, the public is encouraged to send written comments and suggestions concerning the preparation of the plan and EIS by November 14, 1997, to: Tony Sisto, Superintendent, Fort Vancouver National Historic Site, 612 E. Reserve Street, Vancouver, WA 98661.

**FOR FURTHER INFORMATION:** Contact Mr. Lawrence Beal, Planning Team Leader, at Vancouver National Historic Reserve Planning Team, Denver Service Center—Beal DSC/RP, 12795 West Alameda Parkway, PO Box 25287, Denver, CO 80225-9901, or call (505) 899-0205, ext. 224, or E-mail at: larry—\_beal@nps.gov. The NPS Internet Homepage at <http://www.nps.gov/> planning will also have the newsletter and further information about this plan and EIS.
