

5. If, however, commenters believe that the formula proposed above for minimum opening bids will result in substantial numbers of unsold licenses, or is not a reasonable amount, or should instead operate as a reserve price, they should explain why this is so, and comment on the desirability of an alternative approach. Commenters are advised to support their claims with valuation analyses and suggested reserve prices or minimum opening bid levels or formulas. Alternatively, comment is sought on whether, consistent with the Balanced Budget Act, the public interest dictates having no minimum opening bid or reserve price.

6. Comments are due on or before November 5, 1997, and reply comments are due on or before November 10, 1997. To file formally, parties must submit an original and four copies to the Chief, Auctions and Industry Analysis Division, Wireless Telecommunications Bureau, Federal Communications Commission, Room 5202, 2025 M Street, N.W., Washington, D.C. 20554. Comments and reply comments will be available for public inspection during regular business hours in the FCC Public Reference Room, Room 239, 1919 M Street, N.W., Washington, D.C. 20554.
