The petitions were submitted pursuant to Section 251 of the Trade Act of 1974 (19 U.S.C. 2341). Consequently, the United States Department of Commerce has initiated separate investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each firm contributed importantly to total or partial separation of the firm's workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

Any party having a substantial interest in the proceedings may request a public hearing on the matter. A request for a hearing must be received by Trade Adjustment Assistance, Room 7315, Economic Development Administration, U.S. Department of Commerce, Washington, DC 20230, no later than the close of business on the tenth calendar day following the publication of this notice.

The Catalog of Federal Domestic Assistance official program number and title of the program under which these petitions are submitted is 11.313, Trade Adjustment Assistance.

Dated: October 21, 1997.

Certain Cut-to-Length Carbon Steel Plate From Finland: Amended Final Determination of Sales at Less Than Fair Value

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final court decision and amended final determination of sales at less than fair value.

EFFECTIVE DATE: October 28, 1997.

FOR FURTHER INFORMATION CONTACT:

Daniel Manzoni or David J. Goldberger, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-1121 or (202) 482-4136, respectively.

SUMMARY: On May 13, 1997, the Court of International Trade affirmed the Department of Commerce's final remand results in *Rautaruukki Oy v. United States*, Consol. Court No. 93-09-00560-AD, arising out of the Department's final determination of sales at less than fair value in the antidumping investigation of certain cut-to-length carbon steel plate from Finland. As there is now a final and conclusive court decision in this action, we are amending our final determination of sales at less than fair value and we will instruct the U.S. Customs Service to change the appropriate cash deposit rate.

SUPPLEMENTARY INFORMATION:

Background

On July 9, 1993, the Department of Commerce (the Department) published its final determination in its investigation of sales at less than fair value (LTFV) of certain cut-to-length carbon steel plate from Finland (58 FR 37122). On August 19, 1993, the Department published an amended final determination (58 FR 44165).

Subsequently, respondent *Rautaruukki Oy* and petitioner *Inland Steel Industries, Inc.*, and a number of other interested parties, filed lawsuits with the Court of International Trade (the Court) challenging the final determination. On March 31, 1995, the Court remanded the case to the Department and ordered the Department to recalculate the value added tax (VAT) according to the Department's new methodology. See *Rautaruukki Oy v. United States*, Slip Op. 95-56, (CIT, March 31, 1995). Specifically, the Court ordered that the Department revise its dumping margin calculation by multiplying the Finnish VAT rate by United States price (USP) and then increasing USP by the resulting amount.

On remand, in accordance with *Federal-Mogul Corp. and The Torrington Co. v. United States*, Slip Op. 93-194 (CIT, October 7, 1993), the Department recalculated the margins in this case by applying the foreign market tax rate to the price of the United States merchandise at the same point in the chain of commerce that the foreign market tax was applied to foreign market sales.

On May 13, 1997, the Court affirmed the final remand results. See *Rautaruukki Oy v. United States*, Slip Op. 97-56 (CIT, May 13, 1997). As there is now a final and conclusive court

decision in this action we are amending our final determination, and we will subsequently instruct the U.S. Customs Service to change the appropriate cash deposit requirements entries subject to this investigation.

Amendment to Final Determination

Pursuant to 516A(e) of the Tariff Act of 1930, as amended, (the Act) we are now amending the final results of this investigation of certain cut-to-length carbon steel plate from Finland.

The recalculated weighted-average margins are as follows:

Producer/manufacturer/exporter	Margin percentage
Rautaruukki Oy	40.36
All Others	40.36

In August 1993, the U.S. International Trade Commission (the Commission) determined that imports of certain cut-to-length carbon steel plate from Finland materially injure a U.S. industry. As a consequence of the Commission's affirmative determination, these products were subject to an antidumping duty order. Since publication of the LTFV final determination and order, the Department has completed, pursuant to Section 751 of the Act, first and second administrative reviews of the antidumping order. As a result, this amended final determination does not necessitate a change in cash deposit rates nor liquidation of the subject merchandise as the order relates to Rautaruukki Oy. However, the Department will instruct the U.S. Customs Service to change the appropriate cash deposit requirements to 40.36 percent of the entered value of the subject merchandise for all other producers/exporters.

Dated: October 22, 1997.

Robert S. LaRussa,

Assistant Secretary for Import Administration.
