DEPARTMENT OF COMMERCE

**Bureau of Export Administration;
 National Defense Stockpile Market
 Impact Committee Request for Public
 Comments**

AGENCY: Office of Strategic Industries and Economic Security, Bureau of Export Administration, U.S. Department of Commerce.

ACTION: Notice of request for public comments on the potential market impact of the disposal of certain commodities from the National Defense Stockpile under the proposed Fiscal Year (FY) 1999 Annual Materials Plan (AMP) and revisions to the FY 1998 AMP.

SUMMARY: This notice is to advise the public that the interagency National Defense Stockpile Market Impact Committee is seeking public comment on the potential market impact of Department of Defense proposed disposals of Stockpile materials under the FY 1999 AMP and under a revised FY 1998 AMP (See Attachment 1).

DATES: Comments must be received by November 28, 1997.

ADDRESSES: Written comments (2 copies) should be sent to Richard V.

Meyers, Co-Chair, Stockpile Market Impact Committee, Office of Strategic Industries and Economic Security, Room 3876, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230.

FOR FURTHER INFORMATION CONTACT: Richard V. Meyers, Office of Strategic Industries and Economic Security, U.S. Department of Commerce, (202) 482-3634; or Stephen H. Muller, Office of International Energy and Commodity Policy, U.S. Department of State, (202) 647-3423; co-chairs of the National Defense Stockpile Market Impact Committee.

SUPPLEMENTARY INFORMATION: Under the authority of the Strategic and Critical Materials Stock Piling Act of 1979, as amended, (50 U.S.C. 98 *et seq.*) (the Act), the Department of Defense (as National Defense Stockpile Manager) maintains a stockpile of strategic and critical materials to supply the military, industrial, and essential civilian needs of the United States for national defense. The Act (50 U.S.C. 98h-1) formally established a Market Impact Committee (the Committee) to "advise the National Defense Stockpile Manager on the projected domestic and foreign economic effects of all acquisitions and disposals of materials from the stockpile * * *." The Committee must also balance market impact concerns with the statutory requirement to protect the Government against avoidable loss.

The Committee is comprised of representatives from the Departments of Commerce, State, Agriculture, Defense, Energy, Interior, Treasury and the Federal Emergency Management Agency and is co-chaired by the Departments of Commerce and State. The Act directs the Committee to "consult from time to time with representatives of producers, processors and consumers of the types of materials stored in the stockpile."

The Committee is now considering Defense's proposed Stockpile material disposal levels under the FY 1999 AMP and revisions to current Stockpile material disposal levels under the FY 1998 AMP as set forth in Attachment 1. The AMP materials listed in bold in Attachment 1 cannot be sold until Congress has approved their disposal. The Committee is seeking public comment on the potential market impact of the sale of these materials in the event that Congress does grant such disposal authority.

The proposed disposal quantity for each material listed in Attachment 1 is the maximum amount of material that may be sold in a particular fiscal year. Please note that these quantities are not sales targets. The quantity of each material that will actually be offered for sale will depend on the market for the material at the time of the offering. It will also depend on the maximum quantity of each material approved for disposal by the Congress.
