Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Health Resources and Services Administration (HRSA) publishes abstracts of information collection requests under review by the Office of Management and Budget, in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the clearance requests submitted to OMB for review, call the HRSA Reports Clearance Office on (301) 443–1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Evaluation of the National Health Service Corps—New—The National Health Service Corps (NHSC) was established in 1971 to help correct the maldistribution of health care personnel and to improve the delivery of services in areas with shortages of health care professionals. Through the Scholarship and Loan Repayment Programs the NHSC recruits health clinicians and places them in areas designated as health professional shortage areas.

The evaluation of this program will include three mail surveys, two directed

at scholarship and loan repayment program clinicians (physicians, dentists, physician assistants, nurse practitioners and nurse midwives), and one directed at site administrators currently employing NHSC clinicians. The Survey of NHSC Alumni (clinicians who began service on January 1, 1980 and terminated their service before March 14, 1997) will assess alumni attitudes about the NHSC experience including recruitment, placement, and service contributions to the site and community (for example, expanding clinical services, serving in clinical leadership positions, participating in quality improvement activities and initiating community primary care initiatives). In addition, the survey will examine various measures of clinician retention in underserved areas. The Survey of NHSC Clinicians (current) will also assess attitudes about the NHSC experience including recruitment, placement and service contribution to the site and community. The Survey of Administrators in Sites with NHSC Clinicians will assess sites' experiences with NHSC clinicians and will provide an assessment of their service contributions to the site and community. The data collected through the surveys will be used to formulate programmatic and policy recommendations designed to strengthen the NHSC program and increase its effectiveness.

The estimated burden is as follows:

Type of respondent	Number of respondents	Response per respondent	Hours per response	Total burden hours
Eligible Alumni Clinicians	1,555	1	.50	778
Ineligible Alumni Clinicians	173	1	.07	12
Eligible Current Clinicians	965	1	.50	483
Ineligible Current Clinicians	51	1	.07	4
Eligible Site Administrators	251	1	.50	126
Ineligible Site Administrators	13	1	.07	1
Total	3,008	1404

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Laura Oliven, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, D.C. 20503.

Dated: October 30, 1997.
