SUPPLEMENTARY INFORMATION: The MMS prepares EA's and FONSI's for proposals which relate to exploration for and the development/production of oil and gas resources on the Gulf of Mexico OCS. The EA's examine the potential environmental effects of activities described in the proposals and present MMS conclusions regarding the significance of those effects. Environmental Assessments are used as a basis for determining whether or not approval of the proposals constitutes major Federal actions that significantly affect the quality of the human environment in the sense of NEPA Section 102(2)(C). A FONSI is prepared in those instances where the MMS finds that approval will not result in significant effects on the quality of the human environment. The FONSI briefly presents the basis for that finding and includes a summary or copy of the EA. This notice constitutes the public notice of availability of environmental documents required under the NEPA Regulations.

INTERNATIONAL TRADE COMMISSION

[Inv. No. 337-TA-394]

Certain Screen Printing Machines, Vision Alignment Devices Used Therein, and Component Parts Thereof; Notice of Commission Determination Not To Review an Initial Determination Terminating the Investigation on the Basis of a Settlement Agreement

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review the presiding administrative law judge's (ALJ's) initial determination (ID) in the above-captioned investigation terminating the investigation on the basis of a settlement agreement.

FOR FURTHER INFORMATION CONTACT: Gail Usher, Esq., Office of the General Counsel, U.S. International Trade Commission, telephone 202-205-3152.

SUPPLEMENTARY INFORMATION: This patent-based section 337 investigation was instituted by the Commission on February 27, 1997, on behalf of complainant MPM Corporation (MPM) of Franklin, Massachusetts. 62 FR 10072 (March 5, 1997). The complaint alleged violations of section 337 of the Tariff Act of 1930 in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain screen printing machines, vision alignment

devices used therein, and component parts thereof by reason of infringement of claims 1, 2, 3, 4, 11, 18, and 21 of U.S. Letters Patent 5,060,063, and claims 1 and 7 of U.S. Letters Patent Re. 34,615. The Commission named DEK Printing Machines Limited and DEK USA Inc. (collectively, DEK) as respondents.

On October 3, 1997, complainant and respondents filed a joint motion to terminate the investigation based on a settlement agreement. On October 6, 1997, the presiding ALJ granted the motion and issued an ID (Order No. 13) terminating the investigation on the basis of the settlement agreement. The ALJ found that there was no indication that termination of the investigation would have an adverse impact on the public interest and that termination based on settlement is generally in the public interest. No petitions for review of the ID were filed.

This action is taken under the authority of section 337 of the Tariff Act of 1930, 19 U.S.C. 1337, and Commission rule 210.42, 19 CFR 210.42.

Copies of the ALJ's ID and all other nonconfidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street S.W., Washington, D.C. 20436, telephone 202-205-2000. Hearing-impaired persons are advised that information on the matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

Issued: October 28, 1997.

By order of the Commission.
