Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and

instruments, call the SAMHSA Reports Clearance Officer on (301) 443-8005.

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: State Prevention Needs Assessments: Alcohol and Other Drugs—New—SAMHSA's Center for Substance Abuse Prevention (CSAP) has awarded contracts to several States to assess the nature and extent of substance abuse prevention services needs. The information collected in this project will be combined with existing sources and may use multiple approaches to assess risk and protective factors for substance use, prevention service needs, and substance abuse prevalence. These needs assessment studies will permit some cross-State comparisons of predictor variables to assist Federal program planning, allocating resources, and responding to GPRA. The estimated annualized burden for the three-year project is shown below.

	No. of respondents	No. of responses per respondent	Average burden per response	Total burden hours	Total annualized burden hours
Students	45,600	1	0.75	34,200	11,400
Young Adults	3,100	1	0.50	1,550	517
Community/Program Providers	1,253	1	1.00	1,253	418
