Idaho Power Company; Notice of Availability of Environmental Assessment

November 10, 1997.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory

Commission's regulations, 18 CFR Part 380 (Order No. 486, 52 F.R. 47910), the Office of Hydropower Licensing (OHL) has reviewed as-built exhibits showing the constructed project transmission line. The as-built exhibits indicate the route of the constructed transmission line differs from the authorized transmission line route. Idaho Power Company requests Commission approval of the as-built exhibits, including the constructed transmission line. The Swan Falls Project is located on the Snake River, in Ada and Owyhee Counties, Idaho.

The EA was written by staff in the Office of Hydropower Licensing, Federal Energy Regulatory Commission. Copies of the EA can be obtained by calling the Commission's Public Reference Room at (202) 208-1371. In the EA, staff concludes that approval of the constructed transmission line would not constitute a major Federal action significantly affecting the quality of the human environment.
