Take notice that on November 4, 1997, Koch Gateway Pipeline Company (Koch Gateway), 600 Travis Street, Houston, Texas 77251, filed in Docket No. CP98-67-000, a request, pursuant to Sections 157.205 and 157.216 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205 and 18 CFR 157.216), for authorization to abandon by removal an inactive 1-inch delivery tap, under its blanket certificate issued in Docket No. CP82-430-000, pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request which is on file with the

Koch Gateway proposes to abandon by removal a 1-inch tap that formerly served the David Monteleone Duck Hunting Club on behalf of Louisiana Gas Services (LGS), a local distribution company, in St. Charles Parish, Louisiana. Koch Gateway states that the duck club has converted to electricity and no longer requires natural gas service. Koch Gateway has included in the filing a copy of a facsimile communication from LGS indicating that it has no objection to the proposed abandonment. Koch Gateway indicates that the Louisiana Public Service Commission has been notified of this filing.

November 12, 1997.

Take notice that on November 5, 1997, NorAm Gas Transmission Company (NGT), 525 Milam Street, P.O. Box 21734, Shreveport, Louisiana 71151, filed in Docket No. CP98-72-000 a request pursuant to Sections 157.205 and 157.211 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205 and 18 CFR 157.211)

for authorization to construct and operate delivery taps and regulators, located in Arkansas County, Arkansas, under NGT's blanket certificate issued in Docket Nos. CP82-384-000 and CP82-384-001, pursuant to Section 7(c) of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

NGT proposes to operate under Subpart G of Part 284 of the Commission's Regulations a 1-inch tap and first-cut regulator, previously constructed under Section 311 of the Natural Gas Policy Act and Subpart B, Part 284 of the Commission's Regulations. NGT declares these facilities, previously constructed in August, 1997, will provide gas to ARKLA, a division of NorAm Energy Corporation (ARKLA), on NGT's Line TM-10, located in Arkansas County, Arkansas. NGT states the tap was constructed at a cost of approximately \$2,556 and ARKLA will reimburse NGT \$1,750 of this cost. NGT submits the estimated volumes to be delivered through these facilities are 1,000 Dth annually and 100 Dth on a peak day.

In addition, NGT proposes to construct, own, and operate up to sixteen 1-inch delivery taps and first-cut regulators currently being negotiated, all to serve ARKLA, on NGT's Line TM-10, located in Arkansas County, Arkansas, at a cost of \$2,556, with ARKLA reimbursing NGT \$1,750 of this cost.

NGT states that for each of these proposed taps ARKLA will construct, at its own cost, and donate to NGT, either a 1-inch or 2-inch meter station, and NGT will construct and install the 1-inch tap and first-cut regulator. NGT asserts they will own and operate all of the facilities. NGT declares the estimated annual and peak day volumes for each tap ranges from 1,000 to 6,000 Dth and 50 to 200 Dth, respectively.

If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for

authorization pursuant to Section 7 of the Natural Gas Act.
